ANNUAL TOWN MEETING

ESSEX, SS.

March 6, 1916.

To W. Charles Sellick, Constable of the Town of Saugus:

GREETING:

In the name of the Commonwealth of Massachusetts you are hereby required to notify and warn the inhabitants of the Town of Saugus qualified to vote in Town affairs to meet at the several voting precincts in the town on *Monday, March Sixth*, A. D., nineteen hundred and sixteen, at five forty-five o'clock A. M., then and there to bring in their ballots to the Wardens for the following town officers:

Town Clerk, three Selectmen, three Overseers of the Poor, Treasurer, Constable, Collector of Taxes, Tree Warden, for one year; one Assessor, one Sinking Fund Commissioner, three Trustees of Public Library, one Board of Health, one Water Commissioner, two School Committee, one Cemetery Commissioner, for three years.

Also your "Yes" or "No" to the following question: Shall License be granted for the sale of intoxicating liquors in the Town for the ensuing year?

Also your "Yes" or "No" to the following question: Shall the Act passed by the general court in the year nineteen hundred and sixteen, abolishing the water board and establishing a superintendent of public works in the town of Saugus be accepted by that town?

Also to appear at the Town Hall on *Monday Evening, March Thirteenth*, A. D., nineteen hundred and sixteen, at eight o'clock, to hear and act on the following articles, viz.:

The meeting will be opened with prayer by the Rev. Lynn V. Farnsworth.

ARTICLE 1. To choose a Moderator to preside at said meeting.

ART. 2. To hear and act on reports of Committees.

ART. 3. To choose all other Town Officers which Towns are, by law, required to choose in the months of March and April annually.

ART. 4. To see if the Town will vote to appoint a committee of not less than five citizens, the same to be chosen by the Moderator, said committee shall have full charge of all matters relating to the selecting and procuring of a site, the construction of a new school building thereon, the selection of an architect and plans therefor, and the providing of new and original equipment for said building and said committee shall have full authority to bind the Town in all contracts and obligations which they may deem necessary and expedient to enter into in connection with said work, agreeable to the petition of Frank P. Bennett and others.

ART. 5. To see if the Town will vote to acquire land to be located at or near the present High School and to construct thereon a new schoolhouse and provide new and original equipment therefor and by vote pass upon all matters incidental thereto including the matter of borrowing in the name and behalf of the Town a sum of money not to exceed \$75,000 and to issue the notes or bonds of the Town therefor, agreeable to the petition of Frank P. Bennett and others.

ART. 6. To see if the Town will appropriate and raise by borrowing thirty thousand (\$30,000) dollars to be used on the streets of the town for macadam pavement under specifications approved by the Massachusetts Highway Commission and to issue bonds of the Town therefor or take any action in relation thereto, agreeable to the petition of the Board of Selectmen.

ART. 7. To see if the Town will appropriate the sum of \$100 to repair the front of the building occupied by the Library, or to see what action the Town will take in the matter, agreeable to the petition of W. Sanford Full, and others.

ART. 8. To see if the Town will appropriate the sum of \$75 the same to be expended under the direction of the Selectmen, for the maintenance and care of such tower clocks as are now in active operation in the Town, or to see what action the Town will take in the matter, agreeable to the petition of Horace H. Atherton and others.

ART. 9. To see if the Town will vote to make an appropriation for a Fire Alarm Box, to be placed at the corner of Ocean View and Summit Avenues, agreeable to the petition of Angelo Rossetti and others.

ART. 10. To see if the Town will appropriate the sum of \$100 for a Fire Alarm Box, to be located on Westford Street, at the corner of Laconia Avenue, or to see what action the Town will take in the matter, agreeable to the petition of Thomas M. Coakley and others.

ART. 11. To see if the Town will appropriate the sum of \$100 for the erection of a Hydrant, to be located on Westford Street, at the corner of Laconia Avenue, or to see what action the Town will take in the matter, agreeable to the petition of Thomas M. Coakley and others.

ART. 12. To see if the Town will appropriate and raise by borrowing \$10,000 for water supply purposes under authority of Chapter 133 of the Acts, of 1914 of the Massachusetts Legislature, or take any action in relation thereto, agreeable to the petition of Robert T. Allen and others.

ART. 13. To see if the Town will appropriate the sum of \$6,050, the same to be used in lieu of the income of the Water Department under authority of Chapter 91, Section 2, of the Acts of 1911 and of Chapter 133, of the Acts of 1914, of the Legislature of Massachusetts for the maintenance and general account of the Department, or to see what action the Town will take in the matter, agreeable to the petition of Robert T. Allen and others.

ART. 14. To see if the Town will appropriate the sum of \$9.91 for unpaid bill on account of Stand-pipe, or to see what action the Town will take in the matter, agreeable to the petition of Robert T. Allen and others.

ART. 15. To see if the Town will appropriate the sum of \$60 in settlement of claim against the Town for gravel taken, agreeable to the petition of the Board of Selectmen.

ART. 16. To see if the Town will appropriate the sum of \$105.82 in settlement of claim of H. H. Rogers for an illegal Tax Title, agreeable to the petition of Henry A. Parker.

ART. 17. To see if the Town will appropriate the sum of \$2,100 to cover the amount due on unpaid bills January 1, 1916.

ART. 18. To see if the Town will vote to install a system of drainage from Cleveland Avenue to the Lynn Line on Washington Avenue, Lynnhurst, about seven hundred (700) feet of fifteen (15) inch pipe connected with catch basins as follows: Two at the junction of Cleveland and Washington Avenues; two at the junction of Harrison and Washington Avenues; one at the junction of Garfield and Washington Avenues; and to make an appropriation therefor not exceeding seven hundred dollars (\$700) or to see what action the Town will take in the matter, agreeable to the petition of Charles N. Wormstead and others.

ART. 19. To see if the Town will appropriate the sum of \$650 for the purchase of fire hose, or to see what action the Town will take in the matter, agreeable to the petition of Ernest Stuart and others.

ART. 20. To see if the Town will vote to purchase departmental equipment for the fire department, to wit: One Auto Hook and Ladder Truck for a sum not exceeding \$6,500, or to see what action the Town will take in the matter, agreeable to the petition of Ernest Stuart and others.

ART. 21. To see if the Town will appropriate the sum of seven hundred twenty dollars (\$720), the same to be paid to the widow of the late Arthur L. Williams, said sum representing the balance of the year's salary which would have been paid to the late Principal of the High School had

he completed the present school year, agreeable to the petition of Joseph G. Bryer.

ART. 22. To see if the Town will vote to appropriate the sum of \$50 for the purpose of purchasing for an Athletic Field, the marsh land located near "Round Hill" so-called, owned by J. W. Wilbur or the Wilbur Land Company, as shown on plan of Saugus Terrace, Saugus, Mass., owned by J. W. Wilbur, April, 1911, Ernest W. Branch, C. E., or take any action in relation thereto, agreeable to the petition of Henry A. B. Peckham.

ART. 23. To see if the Town will appropriate the sum of \$250 to be used for grading and putting in suitable condition for a playground that portion of "Round Hill" so-called that has already been cleared and purchasing playground equipment, or take any action in relation thereto, agreeable to the petition of Henry A. B. Peckham.

ART. 24. To see if the Town will vote to instruct the Board of Selectmen to cause the waste material taken from "Round Hill" so-called to be dumped on the Wilbur marsh land located adjacent thereto, whenever the Town has purchased said marsh land.

ART. 25. To see if the Town will vote to accept a gift of ten thousand (\$10,000) dollars from the Carnegie Corporation, to be used in payment of the cost of erection of a public library building, or to see what action the Town will take in the matter.

ART. 26. To see if the Town will appropriate the sum of \$3,000 to be used as a reserve fund in accordance with Section 1, Chapter 645 of the Acts of the year 1913, or to see what action the Town will take in the matter, agreeable to the petition of Frank B. Sloan and others.

ART. 27. To see if the Town will instruct the Selectmen to locate incandescent lights in the following places, and make an appropriation therefor, viz.: Two on Richard Street; one at the corner of Belair Street and Beachview Avenue; two on Seagirt Avenue, agreeable to the petition of Joseph Bucchiere, Jean Blanc and others.

ART. 28. To see if the Town will appropriate the sum of \$275 for the purchase of an adding machine, to be used in the Town Clerk's, Town Accountant's and Collector's offices, or to see what action the Town will take in the matter, agreeable to the petition of Henry A. Parker and others.

ART. 29. To see if the Town will authorize the Treasurer, with the approval of the Selectmen, to borrow money in anticipation of the revenue of the current financial year.

ART. 30. To see what compensation the Town will give the Collector for collecting the taxes for the year 1916.

ART. 31. To see what action the Town will take in relation to the collection of taxes for the year 1916.

ART. 32. To see if the Town will vote to accept so much of Section 37, Chapter 19, of the Revised Laws as applies to permanent firemen, or to see what action the Town will take in the matter.

ART. 33. To see if the Town will vote to change its voting precincts according to a statement giving the boundaries, the designation of the proposed precincts and number of voters registered in each, and filed with the Town Clerk as called for under Section 167, Chapter 11, of the Revised Laws.

ART. 34. To see if the Town will accept Beech Street, beginning at the junction of Beech and Vine Streets and running thence easterly to a point 325 feet, east of Elmwood Avenue, a total distance of 695 feet, according to plan and specifications filed with the Town Clerk.

ART. 35. To see what sum of money the Town will appropriate and raise by taxation for Town charges and for any other purpose for which the Town may lawfully expend money.

The Polls will open at 5.45 o'clock A.M., and may close at 4.30 P.M., and you are hereby directed to serve this

Warrant by posting attested copies at the usual places seven days at least before the time of holding said meeting, and to distribute copies as provided by the By-Laws at least four days before.

Hereof, Fail not, and make due return of this Warrant, with your doings thereon, to the Town Clerk, at the time and place of said meeting.

Given under our hands and Town Seal this twenty-first day of February, A.D., nineteen hundred and sixteen.

[Town Seal]

GEORGE L. NOURSE
HERBERT M. FORRISTALL
FRANK P. BENNETT

Board of Selectmen.

COMMONWEALTH OF MASSACHUSETTS

HENRY A. PARKER,

Town Clerk.

ANNUAL TOWN MEETING

March 13, 1916.

The meeting was called to order at eight o'clock P.M., by Town Clerk, Henry A. Parker.

Prayer was offered by Rev. Lynn V. Farnsworth.

The Warrant was read by the Town Clerk, omitting the reading of the articles, as upon motion which was carried that the reading of the articles be dispensed with.

ARTICLE 1. To choose a Moderator to preside at said meeting.

Chose Thomas P. Parsons, who, after being duly qualified by the Town Clerk, took charge of the meeting.

ART. 2. To hear and act on reports of Committees.

George L. Nourse, chairman of the Playground Committee made a majority report, which was voted to accept.

Joseph G. Bryer, of the same committee, made a minority report which was voted to accept.

Finance Committee on article referred to them by the meeting of Nov. 8, 1915, to combine the offices of Superin-

tendent of Schools and Principal of the High School, reported it was not advisable to combine, voted to accept report.

Finance Committee on articles referred to them by the meeting of Nov. 8, 1915, to abolish the Coaching Teachers, the Manual Training, Domestic Science, and Commercial Teachers, reported not to abolish, the report was accepted.

Finance Committee on article referred to them by the meeting of Nov. 8, 1915, to combine the offices of Superintendent of Water Board and Superintendent of Streets, had nothing to report as it was acted upon at the annual election of March 6, 1916.

Finance Committee report on appropriation was voted to lay on the table, and to be taken up section by section.

ART. 3. To choose all other Town Officers which Towns are, by law, required to choose in the months of March and April annually.

Chose, Carl F. Koch, Pound Keeper; Willie M. Penney, Daniel S. Bannon, Charles L. Putney, Field Drivers; Frank H. Coburn, Hervey Upham, Fence Viewers; Herbert O. Pratt, Frank H. Coburn, Frederic Stocker, Measurers of Wood and Bark; Board of Selectmen as appraisers of Town Property.

Moderator appointed and swore in the following citizens as tellers, Frank E. Parker, Frank P. Bennett, Jr., Justin T. Mansfield, Fred C. Sanborn, and Henry A. B. Peckham.

Voted, To take up Article 5.

ART. 5. To see if the Town will vote to acquire land to be located at or near the present High School and to construct thereon a new schoolhouse and provide new and original equipment therefor and by vote pass upon all matters incidental thereto including the matter of borrowing in the name and behalf of the Town a sum of money not to exceed \$75,000, and to issue the notes or bonds of the Town therefor, agreeable to the petition of Frank P. Bennett.

Voted: That the Town appropriate and raise by borrowing the sum of \$75,000 for the purpose of acquiring land and constructing thereon a new school house and providing the same with new equipment and that the Town Treasurer be and he hereby is authorized and directed, with the approval of the Selectmen, to issue serial coupon bonds of the Town therefor with interest at a rate not exceeding four per cent. per annum. Said bonds to be dated May 1, 1916, \$4000 thereof maturing and payable annually on the first days of May, 1917, to 1926, inclusive, and \$3500 thereof maturing and payable annually on the first days of May, 1927 to 1936, inclusive, with interest coupons attached to said bonds bearing the facsimile signature of the Town Treasurer. Said bonds to be denominated on their face "Town of Saugus School House Loan 1916." All other matters in relation to the issuance and form and sale of said bonds to be determined by the Town Treasurer with the approval of the Board of Selectmen. Yea, 321; Nays, 3.

ART. 4. To see if the Town will vote to appoint a committee of not less than five citizens, the same to be chosen by the Moderator, said Committee shall have full charge of all matters relating to the selecting and procuring of a site, the construction of a new school building thereon, the selection of an architect and plans therefor, and the providing of new and original equipment for said building and said committee shall have full authority to bind the Town in all contracts and obligations which they may deem necessary and expedient to enter into in connection with said work, agreeable to the petition of Frank P. Bennett.

Voted: That a committee of five citizens be appointed by the Town, the same to be chosen by the Moderator. Said committee shall have full charge of all matters relating to the proposed procuring of a site and constructing thereon a new schoolhouse and provide new equipment therefor, including the selection of plans thereof and the choice of an architect therefor. Said committee shall have full power and authority in the name and behalf of the Town to enter into any and all contracts which it may deem necessary and expedient to enter into in connection with the above undertaking. Yeas, 187; Nays, 156.

ART. 6. To see if the Town will appropriate and raise by borrowing \$30,000 to be used on the streets of the Town for macadam pavement under specifications approved by the Massachusetts Highway Commission and to issue bonds of the Town therefor, or take any action in relation thereto, agreeable to the petition of the Board of Selectmen.

Voted: That a committee of three be appointed to designate the streets it would be for the best interest of the Town to rebuild, the construction they would recommend and the cost of same also prepare proper articles to be inserted in the warrant for the next meeting called by the Selectmen, to cover a bond issue sufficient to meet the cost of their recommendation, the following committee were appointed: Marion V. Putnam, Samuel T. Patterson, Arthur S. Brock.

Voted: To adjourn at 10.20 P.M., to Tuesday, March 14, 1916, at 8 o'clock.

ART. 7. To see if the Town will appropriate the sum of \$100 to repair the front of the building occupied by the Library, or to see what action the Town will take in the matter, agreeable to the petition of W. Sanford Full and others.

Voted: That the sum of \$60 be and the same is hereby appropriated for repairing the front of the building occupied by the Public Library.

ART. 8. To see if the Town will appropriate the sum of \$75, the same to be expended under the direction of the Selectmen, for the maintenance and care of such tower clocks as are now in active operation in the Town, or to see what action the Town will take in the matter, agreeable to the petition of Horace H. Atherton and others.

Voted: That the sum of \$75 be and the same is hereby appropriated for the care and maintenance of such Town clocks as are now in active operation in the Town, the same to be expended under the direction of the Selectmen.

ART. 9. To see if the Town will vote to make an appropriation for a Fire Alarm Box, to be placed at the corner of Ocean View and Summit Avenues, agreeable to the petition of Angelo Rossetti and others.

Voted: To indefinitely postpone.

ART. 10. To see if the Town will appropriate the sum of \$100 for a Fire Alarm Box, to be located on Westford Street, at the corner of Laconia Avenue, or to see what action the Town will take in the matter, agreeable to the petition of Thomas M. Coakley and others.

Voted: That the sum of \$100 be and is hereby appropriated for the erection of a Fire Alarm Box, to be located at the corner of Westford Street and Laconia Avenue, under the direction of the Fire Engineers.

ART. 11. To see if the Town will appropriate the sum of \$100 for the erection of a Hydrant, to be located on Westford Street, at the corner of Laconia Avenue, or to see what action the Town will take in the matter, agreeable to the petition of Thomas M. Coakley and others.

Voted: That the sum of \$100 be and is hereby appropriated for the erection of a Hydrant to be located at the corner of Westford Street and Laconia Avenue, at the discretion of the Board of Selectmen.

Adjourned at 10.20 P.M., to March 14, 1916, at 8 o'clock P.M.

A true copy. Attest:

HENRY A. PARKER,

Town Clerk.

ADJOURNED TOWN MEETING.

March 14, 1916.

Meeting called to order by the Moderator at 8 o'clock P.M.

Voted: To waive the reading of records of last meeting.

Moderator appointed Ulric B. F. A. Jenkins as teller, also swore him in.

ART. 12. To see if the Town will appropriate and raise by borrowing \$10,000 for water supply purposes under authority of Chapter 133 of the Acts of 1914 of the Massachusetts Legislature, or take any action in relation thereto, agreeable to the petition of Robert T. Allen and others.

Voted: That the Town appropriate \$10,000 for water supply purposes and that the Town Treasurer, with the approval of the Board of Selectmen, be and he hereby is authorized to raise said amount by issuing bonds or notes of the Town under Massachusetts Acts of 1914, Chapter 133, and of any Acts in addition thereto or supplementary thereof, said bonds or notes to be in coupon form, to be dated May 1, 1916, to bear interest at a rate not exceeding four per cent., to be denominated on their face, "Town of Saugus Water Loan Acts of 1914," to be payable \$500 on the first day of May of each of the years 1917 to 1936 inclusive, all other particulars as to the form, issuance and sale of said bonds or notes to be determined by the Town Treasurer, with the approval of the Board of Selectmen. Yeas, 74; Nays, 0.

ART. 13. To see if the Town will appropriate the sum of \$6,050, the same to be used in lieu of the income of the Water Department under authority of Chapter 91, Section 2, of the Acts of 1911 and Chapter 133 of the Acts of 1914, of the Legislature of Massachusetts for the maintenance and general account of the department, or to see what action the Town will take in the matter, agreeable to the petition of Robert T. Allen and others.

Voted: That \$5000, be and is hereby appropriated in lieu of the income of the Water Department for the maintenance and general account of the Department.

ART. 14. To see if the Town will appropriate the sum of \$9.91 for unpaid bill on account of Stand-pipe, or to see what action the Town will take in the matter, agreeable to the petition of Robert T. Allen.

Voted: To indefinitely postpone.

ART. 15. To see if the Town will appropriate the sum of \$60, in settlement of claim against the Town for gravel taken, agreeable to the petition of the Board of Selectmen.

Voted: That the sum of \$60, be and the same hereby is appropriated for the purpose of settling the claim against the Town for gravel taken.

ART. 16. To see if the Town will appropriate the sum of \$105.82 in settlement of claim of H. H. Rogers for an illegal Tax Title, agreeable to the petition of Henry A. Parker.

Voted: That the sum of \$105.82 be and the same hereby is appropriated for the purpose of settling the claim of H. H. Rogers for an illegal tax title.

ART. 17. To see if the Town will appropriate the sum of \$2100 to cover the amount due on unpaid bills January 1, 1916.

Voted: That the sum of \$2056.04 be and the same hereby is appropriated for the payment of the following unpaid bills, viz.: —

Collector's Dept., \$85.93; Police Dept., \$50.55; Fire Dept., \$31.99; Board of Health, \$99.29; Vital Statistics, \$13.75; Refuse and Garbage, \$40; Overseers of the Poor, \$1152.68; Saugus Home, \$371.52; Water Maintenance, \$102.27; Standpipe, \$9.91; Schools, \$59.82; Schools, Repairs, \$35.53; Library, \$2.30; Total, \$2056.04.

ART. 18. To see if the Town will vote to install a system of drainage from Cleveland Avenue to the Lynn Line on Washington Avenue, Lynnhurst, about seven hundred (700) feet of fifteen (15) inch pipe connected with catch basins as follows: Two at the junction of Cleveland and Washington Avenues; two at the junction of Harrison and Washington Avenues; one at the junction of Garfield and Washington Avenues; and to make an appropriation therefor not exceeding seven hundred dollars (\$700), or to see what action the Town will take in the matter, agreeable to the petition of Charles N. Wormstead and others.

Voted: That the sum of \$700, be and hereby is appropriated to install a system of drainage at Lynnhurst as follows:— From Cleveland Avenue to the Lynn Line on Washington Avenue connected with catch basins, two at the junction of Cleveland and Washington Avenues; two at the junction of Harrison and Washington Avenues; and one at the junction of Garfield and Washington Avenues.

ART. 19. To see if the Town will appropriate the sum of \$650, for the purpose of Fire Hose, or to see what action the Town will take in the matter, agreeable to the petition of Ernest Stuart and others.

Voted: That the sum of \$650 be and the same hereby is appropriated for the purchase of Fire Hose.

ART. 20. To see if the Town will vote to purchase departmental equipment for the Fire Department, to wit: One Auto Hook and Ladder Truck for a sum not exceeding \$6,500, or to see what action the Town will take in the matter, agreeable to the petition of Ernest Stuart and others.

Voted: That a committee of three citizens be appointed by the Moderator to investigate the needs for departmental equipment for the Fire Department and to report at the next Town Meeting, and that said committee be authorized and directed to insert in the next Town Warrant such Articles as may be voted upon that will enable the Town to adopt the recommendations of said committee.

ART. 21. To see if the Town will appropriate the sum of seven hundred twenty dollars (\$720), the same to be paid to the widow of the late Arthur L. Williams, said sum representing the balance of the year's salary which would have been paid to the late Principal of the High School had he completed the present school year, agreeable to the petition of Joseph G. Bryer.

Voted: That the sum of seven hundred twenty dollars (\$720) be and the same hereby is appropriated for the purpose of paying to the widow of the late Arthur L. Williams the balance of the year's salary as Principal of the Saugus High School had he lived to complete his services for the present school year. Said sum of money to be paid only upon the proper authorization to the Town of Saugus by the Legislature of the Commonwealth by an Act entitled "An Act to authorize the Town of Saugus to pay a sum of money to the widow of Arthur L. Williams."

ART. 22. To see if the Town will vote to appropriate the sum of \$50, for the purpose of purchasing for an Athletic Field, the marsh land located near "Round Hill" so-called, owned by J. W. Wilbur or the Wilbur Land Company, as shown on plan of Saugus Terrace, Saugus, Mass., owned by J. W. Wilbur, April, 1911, Ernest W. Branch, C. E., or take any action in relation thereto, agreeable to the petition of Henry A. B. Peckham.

Voted: To indefinitely postpone.

ART. 23. To see if the Town will appropriate the sum of \$250, to be used for grading and putting in suitable condition for a playground that portion of "Round Hill" so-called that has already been cleared and purchasing playground equipment, or take any action in relation thereto, agreeable to the petition of Henry A. B. Peckham.

Voted: Indefinitely postpone.

ART. 24. To see if the Town will vote to instruct the Board of Selectmen to cause the waste material taken from "Round Hill" so-called to be dumped on the Wilbur marsh

land located adjacent thereto, whenever the town has purchased said marsh land.

Voted: To indefinitely postpone.

ART. 25. To see if the Town will vote to accept a gift of ten thousand (\$10,000) dollars from the Carnegie Corporation, to be used in payment of the cost of erection of a public library building, or to see what action the Town will take in the matter.

Voted: That the Town hereby authorize the Selectmen to accept from the Carnegie Corporation of New York, the sum of \$10,000 for the purpose of building a new Public Library building, and the Town hereby binds itself to appropriate in the future not less than \$1000 per annum for the support and maintenance of said Library.

ART. 26. To see if the Town will appropriate the sum of \$3000 to be used as a Reserve Fund in accordance with Section 1, Chapter 645 of the Acts of the year 1913, or to see what action the Town will take in the matter, agreeable to the petition of Frank P. Sloan.

Voted: That the sum of \$3000, be and the same hereby is appropriated to be used as a reserve fund for the purpose called for in Article 26 of the Town Warrant.

ART. 27. To see if the Town will instruct the Selectmen to locate incandescent lights in the following places, and make an appropriation therefor, viz.: Two on Richard Street; one at the corner of Belair Street and Beachview Avenue; two on Seagirt Avenue, agreeable to the petitions of Joseph Buccherie, Jean Blanc and others.

Voted: To refer to the Board of Selectmen.

ART. 28. To see if the Town will appropriate the sum of \$275 for the purchase of an adding machine, to be used in the Town Accountant's, Town Clerk's and Tax Collector's offices, or to see what action the Town will take in the matter, agreeable to the petition of Henry A. Parker and others.

Voted: To indefinitely postpone.

ART. 29. To see if the Town will authorize the Treasurer, with the approval of the Selectmen, to borrow money in anticipation of the revenue of the current financial year.

Voted: That the Town Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1916, and to issue a note or notes therefor, payable within one year, and debt or debts incurred under this vote to be paid from the revenue of said financial year. Yeas, 106; Nays, 0.

ART. 30. To see what compensation the Town will give the Collector for collecting the taxes for the year 1916.

Voted: That the Tax Collector be paid three-fourths of one per cent. on all 1916 taxes collected.

ART. 31. To see what action the Town will take in relation to the collection of taxes assessed for the year 1916.

Voted: That the Poll Taxes for the year 1916 be due and payable July 1, 1916, all other taxes and interest at six per cent. be charged on all unpaid taxes in conformity with the Acts of the Legislature of 1913.

ART. 32. To see if the Town will vote to accept so much of Section 37, Chapter 19, of the Revised Laws as applies to permanent firemen, or to see what action the Town will take in the matter.

Voted: Not to accept.

ART. 33. To see if the Town will vote to change its voting precincts according to a statement giving the boundaries, the designation of the proposed precincts and number of voters registered in each, and filed with the Town Clerk as called for under Section 167, Chapter 11, of the Revised Laws.

Voted: To indefinitely postpone.

ART. 34. To see if the Town will accept Beech Street, beginning at the junction of Beech and Vine Streets, and running thence easterly to a point 325 feet, east of Elmwood Avenue, a total distance of 695 feet, according to plan and specifications filed with the Town Clerk.

Voted: To indefinitely postpone.

ART. 35. To see what sum of money the Town will appropriate and raise by taxation for Town charges and for any other purpose for which the Town may lawfully expend money.

SPECIAL TOWN MEETING

June 5, 1916.

ESSEX, SS.

To W. Charles Sellick, Constable of the Town of Saugus.

GREETING:

In the name of the Commonwealth of Massachusetts you are hereby required to notify and warn the inhabitants of the Town of Saugus qualified to vote in Town affairs to meet at the Town Hall on Monday evening, June fifth, A.D., 1916, at eight o'clock, to hear and act on the following articles, viz.:

The meeting will be opened with prayer by Rev. Charles B. McDuffee.

ARTICLE 1. To choose a Moderator to preside at said meeting.

ART. 2. To hear and act on reports of committees.

ART. 3. To see if the Town will vote to approve and ratify the action of the Moderator at the Town meeting of March 13, 1916, in appointing Edgar B. Oliver, George Quarmby, William P. Lewis, W. George Greenlay and Edwin K. Hayden as a committee under the terms of Article 4, of the warrant for said meeting and of the vote passed thereunder; and will further ratify and confirm all action taken by said committee including the selection of a parcel of land containing about 70,818 square feet of land bounded on Winter, Denver and Central Streets and adjoining the high school, as a site for the new school building; and will authorize and direct said committee to take all further action that may be necessary for procuring said site, the construction of a new school building thereon, the selection

of an architect and plans therefor, and the providing of new and original equipment for said building; said committee to have full authority to bind the Town in all contracts and obligations which they may deem necessary and expedient to enter into in connection with said work; agreeable to the petition of Frank P. Bennett and others.

ART. 4. To see if the Town will ratify the vote passed at the Town meeting March 13, 1916, under Article 5 of the warrant for said meeting, and all acts done and performed thereunder, said vote reading as follows: Voted: That the Town appropriate and raise by borrowing the sum of \$75,000 for the purpose of acquiring land and constructing thereon a new schoolhouse and providing the same with new equipment and that the Town Treasurer be and he hereby is authorized and directed, with the approval of the Selectmen, to issue serial coupon bonds of the Town therefor with interest at a rate not exceeding four per cent. per annum. Said bonds to be dated May 1, 1916, \$4000 thereof maturing and payable annually on the first days of May, 1917 to 1926, inclusive, and \$3,500 thereof maturing and payable annually on the first days of May, 1927 to 1936, inclusive with interest coupons attached to said bonds bearing the facsimile signature of the Town Treasurer. Said bonds to be denominated on their face "Town of Saugus School House Loan 1916." All other matters in relation to the issuance and form and sale of said bonds to be determined by the Town Treasurer with the approval of the Board of Selectmen, agreeable to the petition of Frank P. Bennett and others.

ART. 5. To see if the Town will make an appropriation for the construction of smoke proof enclosure for the stairway of the High School Building as required by the Building Inspector of the Board of State Police, or to see what action the Town will take in the matter, agreeable to the petition of Edgar B. Oliver and others.

ART. 6. To see if the Town will appropriate the sum of \$1,100 for the purpose of putting a new roof with proper flashings on the Ballard School, agreeable to the petition of Joseph G. Bryer.

ART. 7. To see if the Town will appropriate and raise by borrowing \$30,000 to be used on the streets of the Town for macadam pavement or other road material under specifications approved by the Massachusetts Highway Commission and to issue bonds of the Town therefor or take any action in relation thereto, agreeable to the petition of the Board of Selectmen.

ART. 8. To see if the Town will appropriate the sum of \$6,000 for Highway, Bridges and equipment, or to see what action the Town will take in the matter, agreeable to the petition of Marion V. Putnam and others.

ART. 9. To see if the Town will appropriate the sum of \$2,000 for repairs of the East Saugus Bridge, providing the City of Lynn will appropriate an equal amount for that purpose, or to see what action the Town will take in the matter.

ART. 10. To see if the Town will appropriate and raise by borrowing a sum of money for the purpose of construction of stone, block, brick or other permanent pavement of similar lasting character, or of macadam pavement or other road material under specifications approved by Massachusetts Highway Commission, and issue bonds therefor, or take any action in relation thereto, agreeable to the petition of Marion V. Putnam, Samuel T. Patterson, Arthur S. Brock, Committee appointed to prepare this article.

ART. 11. To see if the Town will appropriate the sum of \$178.51 for unpaid bill of the Gypsy Moth Department for the year 1915.

ART. 12. To see if the Town will instruct the Selectmen to make a new street lighting contract with the Lynn Gas & Electric Co., for all night lighting at an additional cost of \$500. The new contract to date from January 1, 1917, agreeable to the petition of George L. Nourse.

ART. 13. To see if the Town will vote to appropriate the sum of \$1,990 for maintenance of the Board of Public Works Department, or to see what action the Town will take in the matter.

ART. 14. To see if the Town will appropriate the sum of \$450 for care of the Town Hall, or to see what action the Town will take in the matter.

ART. 15. To see if the Town will appropriate and raise the sum of \$250 to put the Hook and Ladder Truck in perfect repair and to provide it with suitable equipment of ladders, or to see what action the Town will take in the matter.

And you are hereby directed to serve this Warrant by posting attested copies at the usual places seven days at least before the time of holding said meeting and to distribute copies as provided by the By-Laws at least four days before.

Hereof fail not and make due return of this Warrant, with your doings thereon to the Town Clerk, at the time and place of said meeting.

Given under our hands and Town Seal this twenty-second day of May, A.D., nineteen hundred and sixteen.

HERBERT M. FORRISTALL
GEORGE L. NOURSE
FRANK P. BENNETT

Board of Selectmen.

COMMONWEALTH OF MASSACHUSETTS

SAUGUS, June 5, 1916.

ESSEX, SS.

Pursuant hereunto, I have served the within warrant as directed and as required in the By-Laws, by posting attested copies of the same at least seven days before the time of said meeting in the usual places as follows to wit: Town Hall, Post Office, North Saugus Schoolhouse and Oakland-

vale Schoolhouse, in Precinct One; Post Office and B. & M. R. R. Station in Precinct Two; Post Office and Hose House in Precinct Three; and by leaving printed copies of said warrant at the several dwelling houses of the inhabitants at least four days before the day of meeting.

W. CHARLES SELICK,

Constable.

June 5, 1916.

The meeting was called to order by the Town Clerk, Henry A. Parker, at eight o'clock P.M., after the reading of the warrant by the Town Clerk, Article 1 was taken up.

ARTICLE 1. To choose a Moderator to preside at said meeting.

Chose Thomas P. Parsons, who after being qualified by the Town Clerk, took charge of the meeting.

ART. 2. To hear and act on the reports of Committees

Report of the Finance Committee was accepted.

Report of the Committee on Street, was accepted and referred to the March Town Meeting, the same committee to continue in power.

Moderator appointed and swore in the following persons as tellers: Frank E. Parker, Ulric B. F. A. Jenkins, George R. Clough, Henry A. B. Peckham.

ART. 3. To see if the Town will vote to approve and ratify the action of the Moderator at the Town meeting of March 13, 1916, in appointing Edgar B. Oliver, George Quarmby, William P. Lewis, W. George Greenlay and Edwin K. Hayden as a committee under the terms of Article 4 of the warrant for said meeting and of the vote passed thereunder; and will further ratify and confirm all action taken by said committee including the selection of a parcel

of land containing about 70,818 square feet of land bounded on Winter, Denver, and Central Streets and adjoining the high school, as a site for the new school building; and will authorize and direct said committee to take all further action that may be necessary for procuring said site, the construction of a new school building thereon, the selection of an architect and plans therefor, and the providing of new and original equipment for said building; said committee to have full authority to bind the Town in all contracts and obligations which they may deem necessary and expedient to enter into in connection with said work; agreeable to the petition of Frank P. Bennett and others.

Voted: To approve and ratify the action of the Moderator of the town meeting of March 13, 1916, in appointing Edgar B. Oliver, George Quarmby, William P. Lewis, W. George Greenlay and Edwin K. Hayden as a committee under the terms of Article 4 of the warrant for said meeting and of the vote passed thereunder; and to ratify and confirm all action taken by said committee including the selection of a parcel of land containing about 70,818 square feet of land bounded on Winter, Denver and Central Streets and adjoining the high school, as a site for the new school building; and to authorize and direct said committee to take all further action that may be necessary for procuring said site, the construction of a new school building thereon, the selection of an architect and plans therefor; and the providing of new and original equipment for said building; said committee to have full authority to bind the Town in all contracts and obligations which they may deem necessary and expedient to enter into in connection with said work. Yeas, 146; Nays, 0.

ART. 4. To see if the Town will ratify the vote passed at the Town meeting March 13, 1916, under Article 5 of the warrant for said meeting, and all acts done and performed thereunder, said vote reading as follows: Voted: That the Town appropriate and raise by borrowing the sum of \$75,000 for the purpose of acquiring land and constructing thereon a new schoolhouse and providing the same with new equipment and that the Town Treasurer be and he hereby is authorized and directed, with the approval of

the Selectmen, to issue serial coupon bonds of the Town therefor with interest at a rate not exceeding four per cent. per annum. Said bonds to be dated May 1, 1916, \$4,000 thereof maturing and payable annually on the first days of May, 1917 to 1926 inclusive and \$3,500 thereof maturing and payable annually on the first days of May, 1927 to 1936 inclusive with interest coupons attached to said bonds bearing the facsimile signature of the Town Treasurer. Said bonds to be denominated on their face "Town of Saugus School House Loan 1916." All other matters in relation to the issuance and form and sale of said bonds to be determined by the Town Treasurer with the approval of the Board of Selectmen, agreeable to the petition of Frank P. Bennett and others.

Voted: That the vote passed March 13, 1916, under Article 5 of the warrant for said meeting, reading as follows: Voted: That the Town appropriate and raise by borrowing the sum of \$75,000, for the purpose of acquiring land and constructing thereon a new school house and providing the same with new equipment and that the Town Treasurer be and he hereby is authorized and directed, with the approval of the Selectmen to issue serial coupon bond of the Town therefor with interest at a rate not exceeding four per cent. per annum. Said bonds to be dated May 1, 1916, \$4,000 thereof maturing and payable annually on the first days of May 1917 to 1926 inclusive and \$3,500 thereof maturing and payable annually on the first days of May, 1927 to 1936 inclusive with interest coupons attached to said bonds bearing the facsimile signature of the Town Treasurer. Said bonds to be denominated on their face "Town of Saugus School House Loan 1916." All other matters in relation to the issuance and form and sale of said bonds to be determined by the Town Treasurer with the approval of the Board of Selectmen and all acts done and performed thereunder be hereby ratified. Yeas, 154; Nays, 0.

ART. 5. To see if the Town will make an appropriation for the construction of smoke proof enclosures for the stairways of the High School Building as required by the building inspector of the Board of State Police, or to see what

action the Town will take in the matter, agreeable to the petition of Edgar B. Oliver and others.

Voted: That the sum of \$1,600 be and the same is hereby appropriated for the construction of smoke proof enclosures for the stairways of the High School Building as required by the Building Inspector of the Board of State Police, same to be expended by the building committee appointed to construct the new High School Building.

ART. 6. To see if the Town will appropriate the sum of \$1,100 for the purpose of putting a new roof with proper flashings on the Ballard School, agreeable to the petition of Joseph G. Bryer.

Voted: To indefinitely postpone.

ART. 7. To see if the Town will appropriate and raise by borrowing \$30,000, to be used on the streets of the Town for macadam pavement or other road material under specifications approved by the Massachusetts Highway Commission and to issue bonds of the Town therefor or take any action in relation thereto, agreeable to the petition of the Board of Selectmen.

Voted: To indefinitely postpone.

ART. 8. To see if the Town will appropriate the sum of \$6,000 for Highway, Bridges and equipment, or to see what action the Town will take in the matter, agreeable to the petition of Marion V. Putnam and others.

Voted: To indefinitely postpone.

ART. 9. To see if the Town will appropriate the sum of \$2,000 for repairs of the East Saugus Bridge, providing the City of Lynn will appropriate an equal amount for that purpose, or to see what action the Town will take in the matter.

Voted: To indefinitely postpone.

ART. 10. To see if the Town will appropriate and raise by borrowing a sum of money for the purpose of construction of stone, block, brick or other permanent pavement of similar lasting character, or of macadam pavement or other road material under specifications approved by Massachusetts Highway Commission, and issue bonds therefor, or take any action in relation thereto, agreeable to the petition of Marion V. Putnam, Samuel T. Patterson, Arthur S. Brock, Committee appointed to prepare this article.

Voted: To indefinitely postpone.

Voted: At 11.15 o'clock P.M., to dissolve the meeting.

A true copy. Attest:

HENRY A. PARKER,
Town Clerk.

SPECIAL TOWN MEETING

September 11, 1916.

ESSEX, ss.

To W. Charles Sellick, Constable of the Town of Saugus,

GREETING:

In the name of the Commonwealth of Massachusetts you are hereby required to notify and warn the inhabitants of the Town of Saugus qualified to vote in Town affairs to meet at the Town Hall on Monday evening, September eleventh, A.D., 1916, at eight o'clock, to hear and act on the following articles, viz.:

ARTICLE 1. To choose a Moderator to preside at said meeting.

ART. 2. To hear and act on reports of committees.

ART. 3. To see if the Town will appropriate the sum of \$6,000 for Highway and Bridges, or to see what action the Town will take in the matter.

ART. 4. To see if the Town will appropriate the sum of \$1,000 for Water Maintenance, or to see what action the Town will take in the matter.

ART. 5. To see if the Town will appropriate the sum of \$1,000 for over run on snow and ice, or to see what action the Town will take in the matter.

ART. 6. To see if the Town will appropriate the sum of \$178.51 for unpaid bill of the Gypsy Moth Department for the year 1915, or to see what action the Town will take in the matter.

ART. 7. To see if the Town will instruct the Board of Selectmen to make a new lighting contract with the Lynn Gas & Electric Co., for all night lighting, the new contract to date from January 1, 1917, or to see what action the Town will take in the matter.

ART. 8. To see if the Town will instruct the Board of Selectmen to make a new Water Contract with the City of Lynn, the present contract expiring March 1, 1917, or to see what action the Town will take in the matter.

ART. 9. To see if the Town will appoint a committee of three or more citizens to investigate the advisability of changing the form of government of the Town, said committee to report at the annual meeting in March, agreeable to the petition of Marion V. Putnam. And you are hereby directed to serve this Warrant, by posting attested copies at the usual places seven days at least before the time of holding said meeting and to distribute copies as provided by the By-Laws at least four days before.

Hereof fail not and make due return of this Warrant, with your doings thereon to the Town Clerk, at the time and place of said meeting.

Given under our hands and Town Seal this twenty-first day of August, A.D., nineteen hundred and sixteen.

[Town Seal.]

HERBERT M. FORRISTALL
GEORGE L. NOURSE

Selectmen of the Town of Saugus.

COMMONWEALTH OF MASSACHUSETTS

September 11, 1916.

ESSEX, ss.

Pursuant hereunto I have served the within Warrant as directed by posting attested copies seven days before said meeting in the places as follows, viz.: Town Hall, Post Office, in Precinct One; B. & M. R. R. Depot, Post Office, in Precinct Two; Office, Hose House, in Precinct Three, and distributed four days at least to the dwellings of the inhabitants as required by the By-Laws.

W. CHARLES SELLICK,

Constable.

The meeting was called to order by the Town Clerk, Henry A. Parker, at eight o'clock, P.M., and after the reading of the Warrant by the Town Clerk, Article 1, was taken up.

ARTICLE 1. To choose a Moderator to preside at said meeting.

Chose Thomas P. Parsons, who after being sworn by the Town Clerk, took charge of the meeting.

ART. 2. To hear and act on the reports of committees.

Report of the Finance Committee was placed in the hands of the voters.

Moderator appointed and swore in the following persons to act as tellers, Frank E. Parker, Edgar B. Oliver, H. A. B. Peckham, Joseph G. Bryer.

ART. 3. To see if the Town will appropriate the sum of \$6,000 for Highway and Bridges, or to see what action the Town will take in the matter.

Voted: That the sum of \$5,000 be and the same is hereby appropriated for Highway and Bridges.

ART. 4. To see if the Town will appropriate the sum of \$1,000 for Water Maintenance, or to see what action the Town will take in the matter.

Voted: That the sum of \$1,000 be and the same is hereby appropriated for Water Maintenance.

ART. 5. To see if the Town will appropriate the sum of \$1,000 for over run on snow and ice, or to see what action the Town will take in the matter.

Voted: That the sum of \$750.64 be and the same is hereby appropriated for the over run on snow and ice.

ART. 6. To see if the Town will appropriate the sum of \$178.51 for unpaid bill of the Gypsy Moth Department for the year 1915, or to see what action the Town will take in the matter.

Voted: That the sum of \$178.51 be and same is hereby appropriated for the unpaid bill of the Gypsy Moth Department for the year 1915.

ART. 7. To see if the Town will instruct the Selectmen to make a new lighting contract with the Lynn Gas & Electric Co. for all night lighting, the new contract to date from January 1, 1917, or to see what action the Town will take in the matter.

Voted: That the Town instruct the Selectmen to make a new lighting contract with a forfeiture clause inserted, with the Lynn Gas & Electric Co., contract to date from January 1, 1917.

ART. 8. To see if the Town will instruct the Selectmen to make a new Water Contract with the City of Lynn, the present contract expiring March 1, 1917, or to see what action the Town will take in the matter.

Voted: That a committee of three be appointed to investigate the matter of new water contract and report with their recommendation at the annual meeting in March; Article 8 to be laid on the table until the citizens can hear and act on such report; the following persons were nominated from the floor, Marion V. Putnam, William H. Small, C. F. Nelson Pratt.

Voted: At 10.55 P.M., to dissolve the meeting.

A true copy. Attest:

HENRY A. PARKER,

Town Clerk.

PRIMARY ELECTION

September 26, 1916.

ESSEX, SS.

To W. Charles Sellick, Constable of the Town of Saugus,

GREETING:

In the name of the Commonwealth you are hereby required to notify and warn the inhabitants of said Town who are qualified to vote in primaries to meet in Town Hall *Tuesday*, the *twenty-sixth* day of September, 1916, at three o'clock, P.M., for the following purposes:

To bring in their votes to the Primary Officers for the nomination of Candidates of Political Parties for the following offices:

Governor; Lieutenant Governor; Secretary; Treasurer; Auditor; Attorney-General; Senator in Congress, for this Commonwealth; Representative in Congress, 7th Congressional District; Councillor, 6th Councillor District; Senator, 7th Middlesex Senatorial District; Three Representatives, 13th Representative District; County Commissioner; Two Associate Commissioners; Clerk of the Court; District Attorney; Register of Deeds, Essex County;

And for the election of the following officers: District Members of State Committee for each political party, for the 7th Senatorial District; Members of the Democratic Town Committee; Members of the Republican Town Committee; Members of the Prohibition Town Committee; Delegates to State Convention of Political Parties.

All the above candidates and officers are to be voted for upon one ballot.

The polls will be open from 3 to 9 P.M.

And you are directed to serve this warrant by posting attested copies thereof seven days at least before the time of said meeting as directed by vote of the Town.

Hereof fail not and make return of this warrant with your doings thereon to the Town Clerk at the time and place of said meeting.

Given under our hands this 11th day of September, A.D., 1916.

HENRY A. PARKER,

Town Clerk.

STATE ELECTION

November 7, 1916.

COMMONWEALTH OF MASSACHUSETTS

ESSEX, SS.

To W. Charles Sellick, Constable of the Town of Saugus,

GREETING:

In the name of the Commonwealth of Massachusetts you are hereby required to notify and warn the inhabitants of the Town of Saugus, qualified to vote at elections, to meet at the several voting precincts in the Town, on Tuesday, November the seventh, A.D., 1916, at fifteen minutes before six (5.45) o'clock, A.M., then and there to bring their ballots to the Wardens for the following State Officers, all on one ballot:

Presidential Electors; Governor; Lieutenant Governor; Secretary; Treasurer; Auditor; Attorney-General; Senator in Congress; Congressman, Seventh District; Councillor, Sixth District; Senator, Seventh Middlesex District; Three Representatives in the General Court, Thirteenth Essex District; County Commissioner; Two Associate Commissioners; District Attorney; Clerk of Courts; Register of Deeds.

Also your "Yes" or "No" to the following questions:

Acceptance of Chapter 98, General Acts of 1916, entitled "An Act to ascertain and carry out the will of the people relative to the calling and holding of a constitutional convention."

Acceptance of Chapter 104, General Acts of 1916, entitled "An Act to make the first day of January, known as New Year's Day, a legal Holiday."

Acceptance of Chapter 179, General Acts of 1916, entitled "An Act to prevent the voters of one political party from voting in the primaries of another political party."

The Polls will open at fifteen minutes before six (5.45) o'clock, A.M., and may close at four (4) o'clock, P.M., and you are hereby directed to serve this Warrant by posting attested copies at the usual places, seven days at least before the time of holding said meeting.

Hereof fail not, and make due return of this Warrant, with your doings thereon, to the Town Clerk, at the time and place of said meeting.

Given under our hands and Town Seal this ninth day of October, A.D., nineteen hundred and sixteen.

[Town Seal.]

Report of Town Accountant

To the Honorable Board of Selectmen:

GENTLEMEN, — In compliance with the provisions of Chapter 624 of the Acts of 1910. I herewith submit the following reports of the Accountant's Department for the year ending December 31, 1916:

The Treasurer's Cash Account

The cash on hand December 31, 1916 was verified by me by actual count, and the cash in the bank was verified by reconciliation of the outstanding checks with the book and bank statements, and was further verified by a letter received from the bank certifying to the amount to the credit of the Town of Saugus at the close of business December 31, 1916.

Taxes Collected

The amounts shown as having been collected by the Tax Collector for 1916 and turned over to the Treasurer, agree with the amounts received by the Treasurer and which appear upon his books.

Trust Funds

I have compared the savings bank books in the hands of the Treasurer with the amount called for in the Perpetual Care Fund Account as being on deposit December 31, 1916 and the books and the amounts agree.

Sinking Fund

The cash in the bank was verified by me by a reconciliation of the outstanding checks and the bank statements, and was further verified by a letter received from the bank certifying to the amount to the credit of the Sinking Fund Account in both the savings bank account and the check account at the close of business December 31, 1916.

I, also, examined the securities during the month of December in the presence of the Treasurer and one member of the Sinking Fund Commission, and found them to agree with the amount of bonds they should have on hand.

Respectfully submitted,

GRANVILLE A. CLARK,

Town Accountant.

January 29, 1916.

Report of Board of Selectmen

At our last town election it was voted to repeal the water act which provided for a Water Board in the Town, and a new office was created to be known as the Public Works department and Mr. William J. Lumbert was selected to act as Superintendent of Public Works after several applicants had been interviewed, which placed the water department and the street department under one head. We feel working under these conditions a great deal has been accomplished, more and better work done for the money appropriated than ever before.

To carry on the work of this department your board realized the necessity of having some up-to-date tools and machinery in order to work with more economy. We have purchased a scarifier and we feel after seeing the work done with it, it was money well invested. We have purchased for the Superintendent of Public Works a Ford automobile which enables him to cover more ground at less expense than hiring a team for the superintendent at one dollar a day as has been the custom in former years. We have also bought a power pump to use when trenches are being excavated, which sometimes fill with water so fast it needs two men at the old hand pump most of the time, but which can now be taken care of with a great saving of labor.

A power drill has also been added to the equipment of the department which enables them to work at a great saving of labor where there is any ledge. With the department so well equipped and well managed your board feels that in a few years the streets of the Town can be put in very good condition on a moderate appropriation each year, instead of issuing bonds to the amount of \$30,000 or \$50,000.

The Selectmen have been commended on their selection of the Superintendent of Public Works and we feel that he has accomplished a great deal with what he had to do with and we consider ourselves fortunate to have been able to secure such a valuable man.

The assessors have now a complete survey of the Town

Farm and the board thinks it advisable to have the farm registered through the land court.

On account of the large amount of bonds coming due this year which will have a tendency to increase our tax rate, we are asking for as small amounts as possible for the different departments that come directly under the selectmen.

Your board wishes to bring to the attention of the citizens the report of the Public Works department which gives in a very plain and clear way the money spent on highways and water, also his recommendations for the coming year.

HERBERT M. FORRISTALL,
GEORGE L. NOURSE,
FRANK P. BENNETT.

REPORT OF THE Department of Public Works

To the Honorable Board of Selectmen:

I beg to submit herewith the first annual report of the Department of Public Works of the Town of Saugus as established at the election in March 1916, which abolished the Water Commission, and united the Highway and Water Departments with the Board of Selectmen as the controlling body. I wish to say at this time that they have aided me greatly with their knowledge and confidence.

Under the direction of this department all construction, maintenance, repairs and alteration work in connection with the streets, drains, bridges, squares, sidewalks and water supply is carried on.

Highway Department

At the beginning of the year many of the streets were in bad condition due principally to the very severe winter which had just passed, and an attempt was made to reshape such streets as the Board saw fit to direct, and hold them in place with a coat of tar or asphaltic oil.

A short stretch of Main Street was resurfaced with stone and refined tar as an example of cheap construction, which, with proper maintenance will wear for a number of years.

The Newburyport Turnpike was scarified and reshaped from the Melrose Line to the Lynnfield Line.

The entire length of Winter Street was scarified and reshaped and covered with a coat of Tarvia "B." Essex Street from Clifondale Square to Felton Street was treated in the same manner.

A covering of Tarbinder "3" was applied to Jackson Street after it had been reshaped from Clifondale Square to Central Street.

In East Saugus, Lincoln Avenue was reshaped from Mor-

ton Avenue to the Saugus River bridge and covered with Texaco asphaltic oil.

The drainage conditions of Lincoln Avenue are very bad and it will be impossible to maintain a good surface until they are improved from Morton Avenue to Bristow Street.

Ballard Street was reshaped and oiled from Washington Square to the Salem Turnpike, as was also Franklin Square and a portion of Chestnut Street.

Late in the fall after a special appropriation had been made, work was commenced in North Saugus, and Water Street was reshaped from the Wakefield Line to North Saugus Square and Walnut Street from North Saugus Square to the Lynn Line. Elm Street was also reshaped and graveled. Work was then begun at the Revere Line on Lincoln Avenue, but the weather became so inclement that further procedure was impracticable and at this time the steam roller was put up and retubed. I will mention here that the roller was hired during the summer by the Town of Wilmington and the Town of Saugus received in return \$200.00 and new grates and hose for the roller which much more than paid for the repairs.

The much needed blanket coat of tar was applied to Monument Square late in the season and should be in good condition for next year's traffic.

During the summer macadam gutters were laid on Central Street from Stone Street to the culvert at Brier's Swamp and a catch basin was built at the end of the easterly gutter.

During November an extensive drain was laid from the present system on Lincoln Avenue to and along Guild Road to Clement Road, and thence through the present open ditch to the Saugus River. Much ledge was encountered on Lincoln Avenue, and a great amount of water had to be taken care of on Guild and Clement Roads during the construction, making the entire proposition rather difficult and expensive, but we now have a deed to the land occupied and can have no further trouble from land damage suits.

The drainage of Lincoln Avenue from Ernest Street to the Revere Line was started but was almost immediately held up by the severe storm of December 15th. This same storm also interfered with the drainage work on Mountain Avenue.

A special appropriation of \$700.00 for a drainage system on Washington Avenue, Lynnhurst, was taken care of by

this department, and the work carried out satisfactorily as shown by the results of several storms.

Two of the many bridges in Town broke through during the season. The one on Pleasant Street which is a wooden bridge was replanked. The broken section of the fifteen foot stone bridge in North Saugus was replaced with reinforced concrete. If further breaks occur in the stones they can be replaced with reinforced concrete which is cheaper than stone slabs and the final result would be a concrete bridge which will be capable of carrying a twenty-ton truck.

Two "Silent Policemen" have been installed, one just south of the watering trough in Monument Square and one at the southerly end of Jackson Street at Cliftdale Square. Signs have been placed near all the schools, warning automobiles to go slowly.

With the exception of the streets which were given a tar application, all the accepted streets were given a coating of asphaltic oil in the latter part of May. The oil was applied at less cost than that charged by contractors with the machine purchased by the Town in 1915. A second application was given to the main streets in August.

The vast amount of Highway work which must be done is so apparent that it hardly needs to be mentioned. We have seventy-five miles of streets, and of that, only three-fifths of a mile has anything approaching a permanent surface, the remaining portion being gravel which unquestionably will not withstand the present day traffic. Both Cliftdale and Franklin Squares should be curbed and permanent surface laid and a regular patrol established to keep the three squares clean and free from debris. This would create a much better impression on people entering the Town. The condition of Central Street between Saugus and Cliftdale is such that it is almost a fire hazard, and immediate steps should be taken to provide a remedy. Lincoln Avenue which is a main thoroughfare should be properly drained and a permanent surface laid. The construction on Main Street should be continued to and along Howard Street to the Melrose Line.

Water Department

There are about forty miles of water mains with connections and two thousand fifteen services in the Town of

Saugus that come under the maintenance of this department. There are also about three hundred and thirty hydrants which are taken care of by the Fire Department, but the repair work, however, is taken care of by this department.

We have installed seventy-seven new services and relaid thirty-eight. Fifty-seven, 5/8" meters and five 3/4" meters have been set.

Bills amounting to \$3,057.79 have been sent out and the total amount collected. All bills are made payable in advance where possible, thus insuring the receipts to the Town. If the expenses are to be kept within the receipts, it will be necessary during the reign of high prices of metals and labor, to increase the cost of installation.

During this year the extension work has added five thousand six feet of main pipe line to the system. Four new hydrants; nine, six-inch and two, four-inch main gate valves have been set. The extension work of laying mains on Interval, Springdale and Jefferson Avenues was paid for out of this year's appropriation.

The water rates collected in Saugus by Lynn in 1916 amounted to \$21,763.94, of which the Town received 50%, or \$10,881.97. The bills for service by the Public Works Department amounted to \$3,057.79, making the total revenue \$13,939.76.

There are in the Town of Saugus about two and one-half miles of main line and connections, and fifty-three services which are owned by the City of Revere. There would be an unquestionable advantage if that part of the system were owned by Saugus. The revenue alone in 1915 amounted to \$521.36.

One of the serious handicaps to the fire protection of the Town is the large amount of old cement lined main pipes. Much of it is in very bad condition and should be replaced gradually with new cast iron pipe. The cost to the Town this year for breaks in these pipes was \$198.78. The additional pressure from the new standpipe and thereby increased water hammer from quick closing nozzles is principally responsible for this trouble.

Report of Chief of Police

To the Honorable Board of Selectmen:

GENTLEMEN:— In accordance with the requirements of the Town Ordinance I have the honor to submit my twenty-first annual report of the Police Department for the year ending December 31, 1916.

Chief of Police

Charles O. Thompson

Patrolmen

Captain, Roland L. Mansfield, Frank W. Joy, James P. Sullivan.

Suspended for lack of Funds

Herbert C. Berrett, John T. Stuart, Clifford E. Robie.

Special Police

Peter A. Flaherty, William M. Penney, Timothy J. Bannon, Morin A. Hazel, Christopher C. Merrithew, Charles F. Clark, William H. Semons, James O. Cram, Mack Belliveau, Frank M. Symonds, Samuel C. Maddox, Justin E. Mansfield, Charles L. Davis, James F. Pratt, Arthur C. Clark, Thomas E. Berrett, Daniel B. Willis, Harvy Upham, Charles W. Woodbery, Howard P. McAdoo, William F. Parker, George W. Parker, Nathan H. Williams, Thomas S. Sutherst, W. Charles Sellick, Carl F. Koch, Charles O. Popp, Herbert Holland, Walter A. Hanson.

Arrests

Total number of arrests for the year of 1916 was 209, of which 176 were males and 53 females.

The Following are the Offences

Assault, 28; arrested for out-of-town officers, 7; bastardy, 1; cruelty to animals, 5; drunks, 44; disturbing the peace, 13; disorderly conduct, 9; default, 2; dogs not licensed, 3; gaming on Lord's day, 30; illegal transportation of liquor, 1; larceny, 10; non-support, 6; neglected children, 6; peddling, no license, 1; profanity, 2; stubborn children, 3; truancy, 6; trespass, 6; vagrants, 1; violation Town by-laws, 4; violation school laws, 4; violation clam laws, 1; violation auto laws, 3; violation Board of Health laws, 5.

Disposition of Cases

Committed to House of Correction, 4; to State Farm, 3; State Board, 2; Danvers Hospital, 4; Lawrence Training School, 1; Lancaster Industrial School, 2; Catholic Home, 5; held for Grand Jury, 1; for Superior Court, 1; appeals, 7; filed, 65; fined, 53; discharged, 29; defaulted, 3; released, 28.

Miscellaneous

Complaints received and investigated, 875; disturbances suppressed, 49; doors found open, 75; lights furnished for dangerous places, 35; lost children restored, 6; stray teams put up, 7; windows found open, 32; lost dogs found and restored to owners, 9; lost horses found, 5; dogs killed, 92; dangerous places in streets found and reported, 10.

Keeper of Lockup

There were 50 prisoners locked up during the year; cost of keeper, \$127.42; meals, \$7.20; total expense of lockup, \$134.62.

Recommendations

I would recommend that the sum of \$10,000 be appropriated for Police service for the year of 1917; I would also recommend the reinstatement of Herbert C. Berrett, John T. Stuart, and Clifford E. Robie.

Conclusion

In submitting my report, I wish to thank the Honorable Board of Selectmen for the support given me; also Judge Maurice F. Cunningham and others who have assisted in the performance of my duties. I desire also to tender to the officers, both regular and special, my appreciation for their loyal co-operation.

Respectfully submitted,

CHARLES O. THOMPSON,

Chief of Police.

Report of Board of Engineers

To the Honorable Board of Engineers:

GENTLEMEN:— Your Board of Engineers submit their annual report for the year ending December 31st, 1916. The Department consists of Chief Engineer, two Deputy Chiefs, three permanent men, 24 call men, 5 sub-call men and Superintendent of fire alarm.

Apparatus

One combination auto truck, three hose wagons, one ladder truck.

Hose

We have 7,000 feet of hose of which 2,000 feet should be replaced.

Recommendation

We would recommend 1,000 feet of new hose this year.

We consider the ladder truck unsafe and would recommend replacing same with an auto ladder truck.

Equipment

Four double harnesses, six horse blankets, ten hand chemicals, twenty-five fireman's coats, three life nets, twenty hose lighters, twenty-five spanners, five crobars, five axes, five plaster hooks, four gates, one tripple gate, two forty-five foot extension ladders, one thirty-five foot extension ladder, three roof ladders, three wall ladders, sixteen tappers, one punch register, two ink registers, six single beds and bedding.

Fire Alarm

We have answered thirty-nine bell alarms, fifty telephone calls.

Respectfully submitted,

ERNEST STUART,
J. W. NEWHALL,
GEORGE W. ATKINSON.

Report of Overseers of the Poor

Charities Department

To the Citizens of the Town of Saugus:

In submitting our report for the year ending December 31, 1916, the Overseers of the Poor desire to call your attention to the fact that we were able to turn back to the Town from our appropriation, the sum of \$960.05.

We have collected \$2,626.49 from the Commonwealth of Massachusetts, and from cities and towns, and there is due from cities, towns and the Commonwealth, the sum of \$1,686.55.

We recommend for the year 1917, that our appropriation be \$8,300.00, including salaries of the overseers, as we feel we shall need that much, owing to the number of deserving cases we are aiding under Chapter 763,—mothers of dependent children — as well as the many cases of temporary aid.

Saugus Home

The Home has been self-supporting this year under the efficient management of our worthy Warden and Matron, Mr. and Mrs. Carl Koch. Of the appropriation of \$9,500.00 we have been able to turn back to the Town \$301.19, our expenditures having been \$9,198.86, making our total credit \$9,198.86 plus \$301.19, equalling \$9,500.05, showing a net profit of five cents. Also, we have been able to paint the Town buildings out of the receipts of the farm, at a cost of \$250.00. There are outstanding bills due the Home to the amount of \$32.32.

We recommend that our appropriation for the year of 1917 be \$9,500.00.

Respectfully submitted,

GEORGE H. AMES, *Chairman*,
CHARLES W. BAILEY,
ANTHONY HATCH,

Oveersers of the Poor of Saugus.

REPORT OF Sealer of Weights and Measures

To the Honorable Board of Selectmen:

GENTLEMEN:— I submit the following report of work done in this department for the year 1916.

	Adjusted	Sealed	Con- demned

SAUGUS, December 31, 1916.

Report of Tree Warden

To the Citizens of the Town of Saugus:

I herewith submit to you my annual report for the year ending December 31, 1916.

I have removed dead trees in different parts of the Town owing to the great gales that blew down so many trees last summer, I had very little left to do any trimming. I would recommend the sum of three hundred dollars for this coming year.

Respectfully submitted,

T. E. BERRETT,

Tree Warden.

Report of Forest Warden

To the Honorable Board of Selectmen:

GENTLEMEN:—I submit the following report for the year 1916.

There were three fires which were taken care of promptly, which cost the Town five dollars and seventy cents. I answered twelve telephone calls from the State Lookout Station in Wakefield. I would recommend three hundred and seventy-five dollars for this coming year.

Respectfully submitted,

T. E. BERRETT,

Forest Warden.

REPORT OF Building Committee on High School Addition

To the Citizens of the Town of Saugus:

The Building Committee on High School Addition respectfully submit a partial report of their work. After careful consideration the Committee voted unanimously to employ Willard M. Beacon as architect. The General contract was awarded to Chas. E. Currier Co., being the lowest bidder. The heating and ventilating was awarded to Isaac Coffin Co., they also being the lowest bidder. There were 71,126 feet of land purchased from the Charles Wilson heirs for the price of \$3,956.13.

The following contracts have been made:

Land	\$ 3,956.13
Chas. E. Currier Co.	54,489.50
Isaac Coffin Co.	11,152.00
Clocks, bells, etc.	236.00
Advertising	64.38
Moving coal	21.45
Lighting fixtures	322.50
*Coal and Janitor	500.00
*Window shades	145.00
*Decorating wall	200.00
Architect	3,992.70
Furnishing 5 rooms	1,292.93
	<hr style="width: 20%; margin-left: auto; margin-right: 0;"/> \$76,372.59

Respectfully submitted,

EDGAR B. OLIVER,
W. GEO. GREENLAY,
GEO. QUARMBY,
EDWIN K. HAYDEN,
WILLIAM P. LEWIS,

Building Committee.

* Approximate figures.

Report of the Board of Health

The Board of Health respectfully submits its annual report for the year 1916. The Board organized as follows: Charles E. Light, Chairman; Tom D. Emmett, Secretary; Dr. George W. Gale, Medical Examiner.

Appointed

Thomas C. Sutherst, Plumbing Inspector; A. W. Sawyer, Milk Inspector and Inspector of Slaughtering; C. L. Davis, Burial Agent, who later resigned and H. A. Parker was appointed; T. D. Emmett, Dairy Inspector.

Meetings

Regular meetings of the Board are held at the Town Hall on the first Monday of each month at eight o'clock P.M.

Complaints

An unusual number of complaints have been made and the Board has endeavored to eliminate the re-occurrence for 1917.

In Conclusion

The Board has carried out to the best of its ability the wishes of the citizens and has observed the strictest economy and has been able to turn back about \$800 dollars of the appropriation from the different departments. By prompt investigation, less cases have been sent to the hospitals, consequently less bills to pay. The number of contagious diseases have been about normal, although we started the year with an epidemic of measles.

We trust that the citizens will co-operate with the Board during the year if complaints must be made, make them promptly and we will endeavor to enforce the rules and regulations without applying to the courts, but the rules must be observed at all times.

New rules will be made in regard to piggeries this year, and will be enforced to the letter regardless of whom it may concern.

Respectfully submitted,

CHAS. E. LIGHT, *Chairman*,
TOM D. EMMETT, *Secretary*,
DR. GEO. W. GALE, *Medical Exam.*

REPORT OF CATTLE AND MILK INSPECTOR

To the Board of Health:

GENTLEMEN: — I have inspected the following slaughtered animals:

Beeves	1
Calves	8
Hogs	277

Eight hogs were condemned on account of cholera.

In making the annual inspection I examined:

Cattle	698
Hogs	886
Goats	5
Total	1,589

Two hundred of these hogs were quarantined and received attention from the State.

I have issued 52 milk licenses.

Respectfully submitted,

A. W. SAWYER.

REPORT OF INSPECTOR OF PLUMBING

CLIFTONDALE, MASS., December 31, 1916.

Board of Health, Saugus, Mass.

GENTLEMEN:— I herewith submit my annual report for the year ending December 31, 1916, in accordance with the requirements of Chapter 103 of the revised laws of Mass. of the supervision of plumbing.

The number of inspections during the year will be found in the table herewith annexed.

Permits issued	119
Permits refused	4
Complaints of violation of ordinance . .	3
Complaints of violation of ordinance investigated	3
Cesspool inspections	135
<hr/>	
Total number of inspections	373

Respectfully submitted,

THOS. C. SUTHERST,

Plumbing Inspector.

Report of Public Library

Report of Library Trustees

The appreciation of the Town is due to several citizens and to the Centennial Committee of the Board of Trade for the interest they have shown and the help they have given in trying to procure a new Public Library Building for Saugus. It is due to this help that we are able to announce the offer of a gift of \$14,000.00 to the Town from Carnegie Corporation for a new Library Building.

At the Town meeting last March it was voted to accept a gift of \$10,000.00 from the Carnegie Corporation to be used in payment of the cost of erection of a Public Library Building. After looking into the situation the Carnegie Corporation decided that \$10,000.00 was not sufficient to erect a building which would meet the requirements of a growing town the size of Saugus, and in view of this fact have offered to give the Town \$14,000.00.

It is now necessary for the voters to accept this gift and a site must be provided before the new building can be started.

Last year the Library Trustees with the advice of the State Library Commission recommended an appropriation of \$2,000.00, but owing to the needs of other departments, the sum of \$1,400.00 was allowed. Out of this amount, salaries and regular expenses were first deducted and the remainder has been used for the purchase of new books, the starting of a new system of cataloguing and the establishment of a branch library at East Saugus. The last experiment has proven a success and the amount of work done in proportion to the sum expended has exceeded our expectations.

The circulation of books and the general usefulness of the library is only limited in proportion to the means at the disposal of the trustees. People are continually asking for books and service which we are at present unable to supply.

In asking for an appropriation of only \$1,400.00 we have taken into consideration the present large expenditures necessary to conduct other departments of the Town and the necessity of providing a location for the new building.

It is our aim to establish a new and useful catalogue system, to co-operate more closely with the schools and to hasten the time when the library will serve the Town to the fullest degree possible and be not only a source of education and entertainment but of inspiration and civic pride.

Respectfully submitted,

W. SANFORD FULL, *Secretary.*

For the trustees of the Saugus Public Library.

ERNEST J. EDMANDS, *Chairman,*
CLARA J. CALLEY,
JOHN HUSLER, JR.
VERNON W. EVANS,
MORTIMER H. MELLEN,

SUPERINTENDENT OF SCHOOLS

WILLIAM FISHER SIMS. Residence, 15 Emory St.
Tel. 285. Office in Town Hall, Tel. 292.

OFFICE HOURS:

4 to 5 P.M. on Monday, Tuesday, Thursday.
8 to 9 A.M. on Monday, Tuesday, Friday.
8.30 to 9 A.M. Wednesday at Cliftdale School.

SCHOOL CALENDAR

Fall Term (14 weeks)

September 18 — December 22, 1916.

Thanksgiving Recess, 2½ days beginning at noon Wednesday.

Winter Term (13 weeks) — January 2 — March 30

Spring Term (11 weeks) — April 9 — June 22

Graduations

Grammar School, Thursday, 2.15 P.M., June 21, 1917.

High School, Friday, 8 P.M., June 22, 1917.

Fall Term (15 weeks) — September 10 — December 21, 1917

Thanksgiving recess, 2½ days, beginning at noon, Wednesday.

Winter Term (8 weeks) — January 2 — February 21, 1918

NO SCHOOL SIGNAL

2-2 — 2-2 on the firm alarm, and street lights turned on five minutes.

At 6.30 A.M., means no High School session for that day.

At 8.10 A.M., means no morning session in the Grade Schools.

At 11.15 A.M., means no Ninth Grade session. (The street lights cannot be used for this signal.)

At 12.45 P.M., no afternoon sessions.

Report of School Committee

To the Citizens of the Town of Saugus:

Your Committee has held from two to three meetings per month during the past calendar year, and except upon a few occasions, these meetings were attended by the full membership of the Board. Many difficult and perplexing problems, having largely to do with financial matters, have confronted your Committee during the past year. In passing, it is scarcely necessary to remark that in all expenditures, other than for the payment of salaries to teachers, the increasing cost of labor and materials have advanced the cost of the maintenance of the department, and in many particulars, especially in the matter of supplies, the purchasing power of the dollar has been enormously decreased.

The result of this situation is that in matters involving the expenditure of money, it has been necessary that the actions of the Board be governed not by the standard of the reasonable requirements of the Department, but by the standard of the absolute necessities required to maintain the school system. The problem of school expense will continue to mean an increasing burden for the citizens of the Town of Saugus until some relief is furnished through the equalization of school expense by the State. The citizens of the Town should attempt so far as possible to exercise their influence in every possible sphere to impress upon those with whom they come in contact of the justice of the proposal that the State take over and provide for the equalized financial support of the public school system.

Complaints are often made of the expense of the public schools in the Town of Saugus, but this is only a relative term. Our large school appropriation and relatively large proportion of the assessed tax which is required for school purposes are due to two sources: first, the large percentage of the total population of the Town enrolled in our public

Name of Town	Valuation in Millions	Population	Number of Pupils	Percentage of Population Enrolled in Schools	Number of Teachers	Teachers' Salary	Number of Pupils per Teacher	Total Cost of Text Books	Total Cost of Supplies	Cost of Text Books per Pupil	Cost of Supplies per Pupil	Fuel	Total Cost per Year per Pupil	School Expense in Thousands
Saugus	7.1	10,226	2,336	22.8%	64	\$30,569	361	\$2,175	\$2,478	\$93	\$1.06	\$6,315	\$25.93	57.3

N. Attleboro	9.5	9,398	1,689	18%	58	30,046	29	1,402	3,422	.83	2.02	3,549	38.96	58.7
Milton	33.6	8,600	1,514	17.6%	69	51,039	22	1,142	2,602	.75	2.57	3,874	63.06	90.9

schools; second, relatively low total valuation in the Town of Saugus as compared with other Towns similarly situated.

A glance at the preceding table will, the Committee feels, enlighten the citizens of the Town somewhat upon the relative amounts of money spent for educational purposes in the school system of the Town of Saugus as compared with that spent in some other towns. The list includes all the Towns of the Commonwealth having a school population between 2,300 and 2,600 and two other Towns with a much smaller school population.

It will be seen from the above table that the Town of Saugus, with one exception among those enumerated above, spends the least amount for teachers' salaries, has with one exception, the largest number of pupils per teacher, pays without exception the lowest average yearly salary per teacher, and has the lowest total cost per year per pupil, and is appropriating the smallest amount of money for school purposes.

When it is considered that the graduates from the Saugus public schools who enter business life must come in contact with the graduates of the public schools of other cities and towns that are spending so much larger amounts per year for each pupil in attendance at its public schools it is evident that great care must be exercised in the expenditure of the money which is at the disposal of the Town for educational purposes. We believe that the educational system of the Town is the most important enterprise in which the Town is concerned and it should see to it that everything possible is done to the end that its sons and daughters may have equal opportunities and advantages from the education which they obtain in its schools with those which boys and girls in other towns are privileged to enjoy.

This means that the citizens of the Town should give to its schools the most liberal financial support that is possible, to the end that its schools may be maintained at the same standard of efficiency as that of other cities and towns similarly situated.

A perusal of the above table, we believe, will convince the citizens of the Town that its Committee during the past school year has exercised the closest scrutiny of its expendi-

tures in order to be able to keep the expense of the schools to as low a level as they have, and we feel that the showing which has been made is evidence of the fullest co-operation and honest efforts of those connected with the School Department. Your Committee feels, however, that a definite step must be taken during the coming year to provide for increases in teachers' salaries and we base our position in this matter upon two facts. First: Other cities and towns at this time are including in their budget for the next school year a substantial increase in salaries both to elementary and high school teachers. Second: There have resigned from our teaching force during the period of time between the opening of school in September, 1916, and February 1, 1917, almost as many teachers as resigned during the entire school year last past. These resignations are largely due to the propinquity of our Town to other cities and towns paying larger salaries to their teaching force and its accessibility to those cities and towns, making personal interviews by superintendents seeking desirable teachers a matter of little inconvenience. The result of this situation is that as a general proposition the best teachers in the Town are taken from our employment by other cities and towns and the teachers of mediocre ability remain in our midst. Of course it is fortunate for the Town of Saugus that there are many teachers, who for personal reasons, prefer to stay in our midst rather than to seek places that are less convenient for them to teach in, but unless the citizens of the Town desire to have their children instructed by teachers who stay here merely for the purpose of procuring a short service of experience so as to enable them to procure better paid positions, it is absolutely necessary that some change be made in the direction indicated.

The Committee have provided in their budget and in their request for the annual appropriation a sufficient sum of money to allow them to increase the maximum salaries to which teachers may look forward and so make some advance in making the personnel of our teaching force a matter of some permanency, and if the suggestion of the Committee is accepted by the citizens of the Town we believe that the tendency of the teachers to use our public schools merely as a training course will be decreased.

REPAIRS ON SCHOOL BUILDINGS AND GROUNDS

At the annual Town meeting in March, 1916, this Committee after carefully going over the condition of the school property recommended that the sum of \$2,000 be appropriated for this department, and looking backward over the necessities and expenditures of the past year it seems that although the Town meeting voted us only \$1,500 the School Committee estimate was much nearer the sum required. The multiplicity of small pieces of work which constantly occur in keeping our school buildings in running order and in a safe condition for the pupils are a constant source of expense and must, of course, be attended to promptly. The maintenance of roofs and heating apparatus the past year has constituted about one-third of the sum voted at the annual meeting for this Department.

Ballard School

Early in the year the condition of the roof of the Ballard School came up for consideration. This roof has been the subject of much discussion ever since the building was erected about seven years ago. We secured the recommendations and estimates of many experts from neighboring cities, most of which were impossible for your Committee to consider with favor with our small appropriation. After much discussion with the architect, who enlightened us as to the cause of the leakage and the original roofer who suggested a remedy for the trouble, a plan was finally agreed upon and the work completed with a five year guarantee clause in the contract for about two hundred and two dollars, which should in the judgment of your Committee last at least ten years. The interior of the Ballard School shows the effect of this leakage and is to say the least in a disgraceful condition. It is hoped that a sufficient sum will be appropriated to put this interior in proper order.

Mansfield School

This is one of the oldest of our school buildings and its condition begins to show it. Before school closed for the summer vacation, it became necessary to repair the stairs inside the building as they had become unsafe. This was done at once at a cost of about \$30. After school closed a thorough overhauling was made of the outside steps and

platforms, which together with the sills had rotted away. This work cost considerably more than was at first estimated on account of the extent to which the sills had decayed. Your Committee felt that to save the building it was best to be thorough at the start so the work was placed in the hands of the Town Building Inspector, under whose direction it was completed.

Roby School

Much work needs to be done on the inside of the Roby School. The plaster ceilings in several rooms have been falling down for the past three years. These have been patched to keep them safe. All of the ceilings need tinting and the walls need painting. In fact about every building in Town is in urgent need of repairs in this respect. This is one of our best buildings and it should not be allowed to deteriorate. We also suggest that a large coal pocket be built sufficient to contain a year's supply of coal. This will give the Town the advantage of a full supply of coal for this building in better condition.

Felton School

During the summer an inspection of the furnaces at the Felton School disclosed a dangerous condition of the fire pots, which caused a strong odor of coal gas. After some delay a contract was made with a local plumber and the work was completed early in the autumn.

Oaklandvale School

During the summer vacation a substantial coal bin with cement floor was built in the basement and about three tons of coal that had been buried in the dirt floor of the cellar was screened clean and put into the new bin. This constituted about one-half of the coal supply for the present winter. Many improvements are needed around and about the building. The cellar wall needs pointing. The lower room will soon be needed to provide room for the increased number of pupils. Some painting and tinting would greatly improve the schoolroom. The inside doors to the schoolroom need new panels as the old ones are cracked and let in the cold. The outside of the building should be painted especially the front which is much defaced by autographs and other pencil marks.

High School

At the High School a cabinet should be provided for the drawing boards, and a study hall provided where the pupils could improve more of their time in school. Provision should be made for partitioning off the alcove of the Auditorium for use in drawing instruction. The remainder of the Auditorium should be maintained for a study hall and should be provided with additional lighting facilities by means of a skylight, or otherwise. Better rooms are needed for both the Manual Training and Domestic Science Departments, which are useful and worthy branches and should be kept up to the high standard which has been undertaken. Your Committee recommends that the sum of \$2,000 be appropriated for repairs on buildings and grounds.

Lynnhurst and North Saugus Schools

In accordance with the recommendation of the Committee of last year, the North Saugus School Building was painted this year. This was all we were able to do, except take care of heat in stoves and furnace, etc. Both of these schools are full to overflowing now and have been for several years. Pupils are being sent from both of these schools to East Saugus, and Saugus Center. The unfortunate part of it is there is no direct communication between these two villages and the center of the Town. This necessitates a long and tedious ride through Lynn and a change of cars, and then a half-hour ride to Saugus. Some of these children have to leave their homes at seven-thirty in the morning and arrive home at five-thirty at night. This not only makes a hardship on the parents and children, but is decidedly harmful in its moral effects on such young children. The Lynnhurst Building, while one of the more modern schools, having a good basement, a furnace, toilets, ventilating system, etc., is only a one-room building, accommodating the first five grades or about forty pupils. Your Committee feel that this building could be remodeled and made into a two-room building at not too great a cost and thus take care of the six grades in this village for some time to come.

The North Saugus Building is one of the oldest in Town, with no modern improvements, no basement, no furnace, no ventilation, and no toilets. A glimpse into one of these rooms on a cold day recalls the old open fireplace, where the one nearest the heat roast, while those in the back of the room freeze. The two rooms are full and all above the sixth grade are being sent to other parts of the Town. Your Committee in view of these facts recommend that there should be a new school building of four to six rooms in this section of the Town for the proper housing of the first six grades, and that some proper means of transportation be furnished the children required to attend the Junior High School at Saugus Center.

New Schools

Permit us to say that it is a stimulus to have people outside of the school management take interest in our work. It helps to place our needs before the townspeople understandingly. Much hurried and unsatisfactory building of schools, including plumbing, has been done in past years at a large unnecessary annual cost. We feel strongly that when a district asks for a new school building — and there are three that should be supplanted at an early date — that those asking for such a building should give the Town a very clear statement of the adequate needs, its purpose, and possible destination of such a building. The representative of the district should state exactly what will be given in return for the voted appropriation, and provision should be made for its completion, and proper supervision during construction.

It is a regrettable fact that in the history of public school construction in the Town of Saugus, it has been the rule that no member of the School Board be made a member of the Building Committee. We feel that this is an opportune time to suggest that in the appointment of Committees to provide for future construction that the School Department of the Town should have a substantial representation on the Committee to whom is entrusted the charge of the construction, to the end that school buildings may be built to better serve the educational aims and requirements of the community.

Sanitation

It has been decided that it was unwise to carry out at this time the plans in the possession of the School Committee for the improvement of school sanitation. First, because the cellar at the Armitage School is too dark, and at the North Saugus School there is no cellar of any kind. Secondly, because changes for entering the building will have to be made thus making it unusually expensive and not altogether satisfactory when completed.

The Kaustine plan is being looked into by the Committee. This system has been tried out with success by the Institute of Technology and may be adaptable to conditions in Saugus. It is quite inexpensive as compared with plumbing and it might be wise to consider its installation for temporary use until new buildings take the place of the old. Something must be done along these lines at an early date.

Owing to the epidemic of last summer and fall the Committee intend to have the cellars whitewashed in all the schools, with lime at the proper time.

Heating

The heating and ventilating of the schools could be vastly improved and more economically maintained with more satisfactory results. For illustration, one of the schools with three rooms has four pieces of heating apparatus and they have never heated the entire building satisfactorily at all times during the winter months. We would recommend that a good heating and ventilating system for schools be studied and as the old give out, do not add to the old, but start the installation of a system that will save money now expended for fuel, and materially decrease the large expenditures for this purpose which now have to be provided for in our annual budget.

Report of the Superintendent of Schools

To the School Committee of the Town of Saugus:

The twenty-fourth annual report of the Superintendent of Schools is here presented.

School Sessions

The sessions for the different schools are the same as they were last year, namely, High School, 7.40 to 12.15; Ninth Grade, 12.30 to 4.30; Old School, 8.40 to 1.20; and the other schools, 9 to 12 and 1.30 to 3.30. These sessions have been satisfactory with the exception of the Ninth Grade session. This session has been so short as to eliminate practically all study periods in the school. For some of the pupils of this grade this fact explains partly their unsatisfactory standing. We are expecting a great deal when we think that all pupils of this age and grade will make satisfactory preparation of all their work outside of school.

Home Study

The new building will remedy this condition. For with an eight-period day opportunity for study sufficient for the greater part of the pupils' work will be provided. This does not imply that there should be no home study. It simply means that little home study will be required. Of course the pupil who learns one of the most valuable lessons that the school teaches, intense application to duty, will through interest and zeal in his work find time for home study. He will use every legitimate means possible to gain a mastery of the assigned task. He will soon recognize that lasting and desirable results come only from his own endeavors. Others can not do the work for him, but wise parents and tutors can point the way for him. Shame on

the school and the teacher that derides the divine obligations of parenthood by forbidding the child to seek any legitimate guidance in mastering the task that has been imposed upon it.

Teachers

The large eighth grade of this year made it necessary to open another room for this grade in the Old School. The large third and fourth grades in the Roby School made it necessary to open there an overflow room for these grades. The necessary enlargement of our entire high school program made it necessary to employ two more teachers in the High School, making an addition of four teachers to our entire teaching force.

What changes have occurred in our teaching force may be seen in the two lists given later in this report. Low salaries in nearly all cases are responsible for these changes.

Transportation

Six hundred dollars for transportation at the present time on the Bay State Street Railway at half fare shows the extent of the lack of school accommodations in the various sections of the Town from which pupils are transported to school. While many towns in this Commonwealth have a transportation bill several times as large as this yet this is a large bill for us. Next September when our school system takes the form which we have adopted for a six year elementary course and a six year secondary course we shall need new rules and regulations for the management of the transportation problem.

Transportation to the Junior High School

We have never furnished free transportation to high school pupils because the Town has never maintained at any one time more than one high school. The idea of free transportation arose from closing the schools of one district and forcing the children to attend school in another district at a rather long distance from home. In keeping with this idea the children who attend the outlying schools of Lynnhurst, North Saugus, Oaklandvale and some sections of Cliftdale should be given transportation to the seventh and eighth grades in the new Junior High School.

Transportation from North Saugus

The transportation from North Saugus at the present time by the Bay State Street Railway is very unsatisfactory in more ways than one. After a trial of two years I am convinced that the hardship and the dangers to the pupils are too great for this practice to be continued any longer. The only immediate solution of this problem is for the Town to purchase a suitable barge and hire a competent person to take charge of it. By a suitable barge I mean one that is properly closed, heated and ventilated so as to give the maximum of comfort to the children. Such a plan is easily within our means and I believe will prove entirely satisfactory to all concerned. Of course if the seventh and eighth grade pupils do not fill the car the remaining room should be given to the other high school pupils without charge, preference always being given to the girls and the pupils of the lower classes.

School Accommodations at North Saugus, Lynnhurst and West Cliftdale

In recent years there has been a marked increase in the number of pupils at North Saugus, Lynnhurst and West Cliftdale. The accommodations in these districts are inadequate and in the near future some relief should be provided in the way of enlarged buildings. The building at Lynnhurst is a modern single room edifice. Another room should be added at once. The buildings at North Saugus and West Cliftdale are two-room structures and are too old to be modernized economically. They are also too small for the communities in which they are located. They should be disposed of in their present condition as advantageously as possible and replaced by modern and adequate structures that will serve the communities for other purposes in addition to that of a school. At least a branch library and community hall could be easily provided in the new structures.

Location of the New North Saugus School

By locating the new building for North Saugus on the side hill south of Hawkes' Corner the congestion at Lynnhurst and in the lower grades at Saugus Center would be

relieved. Of course in a growing town like Saugus all new school buildings should be so constructed as to admit of additions without a waste of funds.

Six and Six Plan

Later in this report we present a tentative program of studies for the six year secondary course. If a proper equipment is provided for maintaining this program there is not the slightest doubt but what the best of results will follow.

That the citizens want such a program is shown by their votes to erect a junior high school and to continue the commercial, domestic science and manual training departments.

I would like to discuss this program at much greater length but there are several sufficient reasons why I should not do so at the present time. So, for the present we must content ourselves with its simple presentation.

Other phases of the six and six plan, the age of entrance, the maintenance of schools of the first six grades as near to the homes of the pupils as possible, departmental teaching, the elimination of the ninth grade, etc., have been discussed in previous reports.

Junior High School

"For the sake of clearness it is advisable to agree at the outset on a meaning for the term 'Junior High School.' In the first place it is a school to be entered by pupils who have completed the first six grades. This school prescribes for all certain portions of the old upper grade curriculum which it considers essential to American life and citizenship. As a rule it provides for boys and girls types of educational activity of distinctive interest to each. Further, it offers to pupils who have no definite aims, limited opportunities for testing, discovering and analyzing themselves and by so doing makes it possible for them in some degree to develop aims. Finally it gives to pupils with definite aims an early start toward the realization of those aims. These characteristics then suggest the following definition for junior high school: It is a school which receives twelve-year-old children as they come from the limited field of a strictly elementary education and offers them an oppor-

tunity to develop and test themselves in a wider field of work where choice as well as necessity determines the individual's course.

"The third characteristic of the junior high school is its recognition of the particular educational needs of the boys and girls as embryonic members of a society in which the place of the sexes is pretty clearly defined. Our country knows no peasant class. The only place clearly conceded to married women is in the home. The American people are hardly likely to imitate age-long European custom in harnessing women permanently to the soil and to machinery. The American woman should be like Cornelia, a home queen with family jewels. The junior high school makes a clear differentiation of aims in the school work of boys and girls through its organization for manual training and home making courses. Its opponents are far from united against this feature. Many, indeed, heartily approve it, others are willing to accept it reluctantly. Only the thorough-going conservatives oppose it on the ground that the regular high school is the place for this differentiation or on the ground that there is too much need of drill on English essentials in the upper grades to permit any allotment of time to the new subjects. On the whole the battle along this line seems to have been pretty fairly won by the junior high school." (Extract from Report on Educational Progress in Massachusetts.)

Needs

New walks and improved grounds at the High School.

Playground apparatus for all school grounds.

At least one large athletic field.

A school nurse.

A school dentist.

Some way to humidify the air in the school rooms.

A revised code of regulations for the School Department.

A full time paid clerk to keep the office of the Department open throughout the day and through vacations.

Lockers for all basement cloakrooms.

Adequate accommodations for the Manual Training and Domestic Science Departments. The physical laboratory now occupied by the Domestic Science Department is needed

for other school work. The Manual Training quarters are too far from the school to give proper correlation with the regular work of the school. If the furnaces and coal bins were removed from the basement in the High School good and well lighted quarters for both of these departments would thereby be provided. The safety of the pupils and the lesser cost of fuel and janitor service also demand the removal of the old furnaces.

Another urgent need is adequate accommodations for serving a lunch daily to a thousand pupils at the High School next year. Placing the Domestic Science in the basement will help to supply this vitally important need.

Suitable quarters are needed for the Drawing Department. Further delay in this matter ought not to be made.

A large study room at the High School. The old Assembly Hall seems to be the only place for such a purpose.

Conclusion

To avoid a too voluminous report I have refrained from discussing some of our school problems, although there is much need for such discussion. Instead, the space has been given to various tables and reports not usually found in our school report.

Material progress has been made. No other system of schools in the Commonwealth is giving so much to its pupils at so small a cost as ours. At this time it is fitting that I express my appreciation of the service rendered by all who have in any way by word or deed sought to enhance the welfare of our schools. To the Finance Committee for its thorough investigation of our special departments and its clear and fearless report of the same we express our gratitude. This report of the Finance Committee with its acceptance by the citizens assembled in town meeting is one of the most constructive pieces of work for the betterment of our schools that has been accomplished in the last decade. Nothing is more salutary for the public school than a just appreciation of its work by the whole community. Especially would I commend the teachers whose ideals, whose enthusiasm, and whose devotion to their chosen work more than all else determine the standard and the efficiency of the school.

For the courteous manner in which you as a Committee have accepted or rejected from time to time various matters proposed by me I express my sincere appreciation.

Respectfully submitted,

WILLIAM FISHER SIMS,

Superintendent of Schools.

January 27, 1917.

REPORT OF GARDEN INSPECTOR

MR. WM. F. SIMS, Supt. of Schools,
Saugus, Massachusetts.

Dear Sir:

At your invitation I have visited the homes of the one hundred and thirty seven pupils in Town having home gardens. Fifty-six of these pupils carried through their undertaking. Only pupils of the Felton, Roby, Ballard and Armitage schools comprised this list.

In making this report of my inspection of each garden, I have taken as a basis these four items: Kinds of vegetables in the garden, condition of the garden at time of inspection and age of the pupil owning the garden. Ample allowance was made in giving the per cent. on the condition of the garden at time of inspection for early vegetables grown and harvested before the inspection. One hundred per cent. was the highest mark given on the condition of a garden.

Weather conditions this season have been very unfavorable to many kinds of vegetables, especially corn and potatoes. These two vegetables have formed the greater part of the annual exhibit in previous years. My inspection showed that very few gardens contained these two vegetables this season. Therefore owing to the poor season and the necessarily small number of exhibitors it

was thought best not to hold the annual vegetable and flower exhibit.

Practically the same situation was encountered last year when the pupils reported that their potatoes and many other vegetables had been ruined by the excessive rainfall.

As it has been decided this year to award prizes to those having the best gardens, in place of the usual premiums given at the annual vegetable and flower exhibit, I herewith submit the report of my inspection together with the list of prize winners and those deserving honorable mention.

Respectfully submitted,

ELLERY C. METCALF,

SAUGUS, Sept. 25, 1916.

PRIZE WINNERS

Vegetables

First Prize: — Milton Shorey.

Second Prize: — Forrest Dickason, Beryle Gaylor, Earle Gaylor, John Hanlon, Ernest Hoffman, Theodore Husler, Joseph Murphy, Dorothy Shorey, Thelma Shorey.

Flowers

First Prize: — Elizabeth Drake.

Second Prize: — Ellen Hobbs, Lawrence Foster, Thelma Travers.

List of those Securing over 69% Deserving Honorable Mention

Allister Allen, Karl Allen, Oswald Anderson, William Bakewell, Edward Bannon, John Bannon, Herman Blake, Howard Berrett, Stanley Day, Arline Fuller, Benjamin Fullerton, Delia Garofano, Frank Garofano, Everett Glover, William Glover, Margaret Hastings, Herbert Kelley, Robert Kelley, Catherine Kelley, Charles Kimball, Clemens Koehler, Annie Kohanski, Lucy Kohanski, Lewis Lucas, Clarence March, Frank McDuffee, George Nicholson, Eugene Pitman, Evelyn Snow, Julia Taylor.

Two pupils whose names appear on the honorable mention list had vegetables that are uncommon in this locality.

Margaret Hastings of the Felton School had excellent specimens of popcorn and summer asparagus in her garden. Benjamin Fullerton of the Roby School had several peanut vines that were growing luxuriantly at the time of the garden inspection and gave promise of maturing before cold weather.

THE FINANCE COMMITTEE'S REPORT

ARTICLE 21. To see if the Town will instruct the school committee to combine the offices of superintendent of schools and principal of the high school and thus cause a saving of nearly \$2,000 per annum.

Under the above article it was voted at the last Town meeting that the matter be referred to the finance committee and it to report at this meeting, and upon which the finance committee report as follows:

The committee is unanimous in its opinion that it would be unwise and, under present conditions, impossible from an efficiency standpoint to combine the positions of superintendent of schools and principal of the high school in the town of Saugus.

Only seven towns in the Commonwealth at present combine the two positions, indicating that this system of management does not obtain to any extent, and the committee is informed that in these towns this method does not give general satisfaction.

In every case where the two positions are combined the number of school children and school buildings is much less than in Saugus. Moreover the school buildings are comparatively close together and more easily accessible than in our Town.

In the event of a merger of the two positions it would be necessary to employ an assistant principal in the high school, for there must of necessity become one in authority in the high school in the absence of the person holding the two positions. The saving would be problematical and, in any event, not substantial.

The committee is of the opinion that conditions in Saugus require a man to give his whole time to the office of superintendent of schools.

The number of pupils in this Town is greater, with one exception, than that of any town in the State in proportion to the population.

The present enrollment is 2,239 and the present number of school buildings is 14; furthermore, the school buildings by no means are near together.

In short, in order to combine the above-named offices the following conditions ought to exist:

1. Reasonably small number of school buildings.
2. School buildings within a reasonable radius and easily accessible.
3. Reasonably small number of pupils.

The committee is of the opinion that these conditions do not prevail in Saugus, and therefore, do not recommend combining the two offices.

Respectfully submitted,

F. M. HILL,

For the Committee.

ARTICLE 22. To see if the Town will instruct the school committee to abolish the three coaching teachers and thus cause a saving of \$1,800 per annum.

Under the above article and in accordance with the vote of the Town, the finance committee submits the following report:

The purpose of the coaching teachers is to assist delinquent pupils who, from sickness or some other cause, are unable to keep up with the rest of the class.

In towns where the classes are small and therefore more time can be given to delinquent pupils, the need of coaching teachers is not so apparent. In Saugus, where the classes are large, it is impossible for a teacher to give much, if any, individual instruction, and in many cases pupils would fail of promotion unless they receive individual instruction and assistance.

During the past year 650 pupils have received additional help and assistance from the coaching teachers.

The committee finds that the coaching teachers are doing a necessary work, and by reason of their help and

assistance a substantial number of pupils are able to continue with their class.

For the above reasons, the committee are of the opinion that as long as the present conditions continue the coaching teachers should be retained.

Respectfully submitted,

F. M. HILL,

For the Committee.

ARTICLE 23. To see if the Town will instruct the school committee to abolish the teacher of manual training and thus cause a saving of \$1200, per annum.

Under the above article and in accordance with the vote of the Town, the finance committee submits the following report:

The course in manual training is practical and valuable to the boy in that it suggests to him certain lines of endeavor which cannot be obtained in any other way or from any other source in the school curriculum. He is taught the use of tools which can only prove valuable to him later in life, and if he determines upon learning a trade as his means of livelihood the course in manual training supplies a good foundation upon which to do so.

The boy who does not intend to learn a trade is also benefited because of this training and doubtless will be able to put to advantage what he has learned, although of course not to the extent as the boy who makes a trade his life's work.

In the opinion of the committee, not enough time is devoted to this course, but even in the limited time permitted much of real value is acquired.

Competition of the present day is keen in all lines of endeavor and none the less so in industrial and mechanical lines. The boys of our schools ought not to be deprived of any opportunity which would give them the ability to successfully compete with boys in other towns and cities in which the course in manual training is considered an important factor in the preparation of the average boy to pursue his life's work successfully.

The course in our schools is given by a practical man who instills in the minds of the boys the benefits to be obtained

from the course and the committee finds substantial progress is being made.

For the above reasons the committee is of the opinion that the course in manual training ought to be retained.

Respectfully submitted,

F. M. HILL,

For the Committee.

ARTICLE 24. To see if the Town will instruct the school committee to abolish the teacher of domestic science, and thus cause a saving of \$600 per annum.

Under the above article, and in accordance with the vote of the Town, the finance committee submits the following report.

A course in domestic science is given in practically all towns of the Commonwealth of the size of Saugus.

In the course as given in Saugus the girls are taught sewing and are able to make and do make simple and necessary articles of wearing apparel. Practical instruction along this line is afforded and the committee finds the benefits obtained therefore are valuable and useful, and in many cases assistance is rendered to the mother and family at home.

The value of certain foods and the preparation of the same is also taught the girls in a practical and efficient manner and doubtless is or ought to be of benefit to the family of which the girl is a part.

In the high school the girls manage and supply a lunch counter where good food is provided at a minimum cost. This lunch counter is self-supporting.

The proper preparation and selection of food is certainly very desirable and the course in domestic science aims to furnish, and, in the opinion of the committee, does furnish, the necessary instruction.

When the course becomes fully established it is contemplated that economies and proper care of the homes shall be included. This, certainly, would be desirable, as proper care of the home, having in mind suitable sanitation and adequate ventilation, is necessary for the health of the entire family.

For the reasons stated, the committee feels that the course in domestic science is of substantial value and ought to be retained.

Respectfully submitted,

F. M. HILL,
For the Committee.

Table of Attendance, School Year, 1915-1916

School	Enrollment	Aggregate Attendance	Average Attendance	No. of Days of School	Average Membership

School Census, September, 1916

Five to seven years of age, 214 boys, 200 girls, — total, 414.

Seven to fourteen years of age, 821 boys, 755 girls; total, 1,576.

Fourteen to sixteen years of age, 198 boys, 177 girls; total, 375.

Certificates Issued in 1916

Five hundred and thirty-one certificates (literate).

Nine educational certificates (illiterate) two persons.

One hundred thirty-three employment certificates.

Three home permits.

The educational certificates are issued to persons from sixteen to twenty-one years of age.

The employment certificates are issued to persons from fourteen to sixteen years of age.

The home permits are issued to persons from fourteen to sixteen years of age.

Counting duplicates, we have written 1,361 certificates.

A comparison of all the towns in the Commonwealth having a population of more than 5,000 and a valuation less than \$4,000 per pupil in the average membership of the public schools. The State valuation is \$8,686 per pupil in the average membership. This table shows how many thousand dollars must be taxed for the education of one pupil.

TOWNS	Valuation of 1915 per Pupil in Average Membership, Year Ending June 30, 1916		Expenditure per \$1,000 Valuation for School Support from Local Taxation, Year Ending December 31, 1915		Rate of Total Tax per \$1,000 Valuation, 1915		Expenditure per Pupil in Average Membership

Hudson	3,938	292	7.11	70	23.30	29	28.62	334

(a) Means 330 municipalities in this Commonwealth had a higher valuation per pupil.

(b) Means 27 municipalities in this Commonwealth paid a higher tax for support of schools.

(c) Means 50 municipalities had a higher tax rate than Saugus.

(d) Means only 7 municipalities in this Commonwealth spent less per pupil than Saugus.

Report of High School Principal

January 25, 1917.

To William F. Sims, Superintendent of Schools:

When I took charge of the Saugus High School last March, three distinct problems confronted the school: First, the discipline problem; second, the lack of school spirit; third, the attitude of irresponsibility to their school work of the student body. In regard to the first two of these much has been accomplished, I believe. In regard to the third, very much remains still to be done. So far as I am able to judge, the discipline problem was mainly the result of a lack of co-operation between the teachers and pupils. There seemed to be a somewhat mutual antagonism due partly to the fact that neither understood the other. The discipline problem had two manifestations: first, the tendency on the part of pupils to "answer back"; second, a tendency among the student body to consider school work secondary and outside interests primary. The second manifestation of the school discipline problem is still quite prominent and the other has largely disappeared. The former has largely disappeared, I believe, because the pupils have come to a realization that most of us teachers are interested primarily in their welfare, and that what we require of them we require only because we know it is for their benefit. The result of this understanding of us on the part of the pupils, and of our beginning to comprehend that most of the pupils intend to do exactly as they should, has been very salutary. I think that I am safe in saying that the most friendly relations exist between the pupils and the teachers.

We teachers believe that there is nothing so necessary to be impressed upon the pupils of a school as the fact that

obedience is required of all persons in all walks of life. We feel that there is no place where the pupil can learn this thing with more profit to himself than at school. For that reason we have insisted that pupils obey. We have tried, in carrying out these ideas, not to ask anything unreasonable of the pupil but to insist that what we ask be done. The pupils have, I believe, come to see our point of view and to acquiesce in it.

In the matter of school spirit very much has been accomplished so that now we feel that both teachers and pupils are interested in the school and its progress. This result has been obtained partly by the spirit in which the athletics were conducted in the fall under the efficient direction of our sub-master, Mr. Collier, and partly by the interest which the teachers have taken in all of the outside activities of the school.

With reference to the lack of responsibility of the students toward their work much remains to be done. We think that the school can hardly accomplish the result to be desired without the full co-operation of the parents of the pupils. We think that the parents ought to help us by seeing to it that their sons and daughters come to school regularly and on time. We think they ought to insist that their children be in school if it is possible for them to be there. We think they ought to impress upon their children that for boys and girls school comes first in importance. We believe, if the parents will co-operate with us in this particular, that we can make Saugus High School one of the best schools to be found in this vicinity, a school of which the Town may well be proud. We are very sure, however, that we, as teachers, cannot do this unless the townspeople will join with us in trying to impress upon everybody that the school is the most important thing in the child's life.

The following represents the cost per capita of the teaching for the various subjects. These figures are based upon the enrollment for the fall of 1916. By glancing through this list, it is at once apparent that some subjects are very expensive and others comparatively inexpensive. The reason for this lies in the fact that fewer pupils take some subjects than take others. These figures are rather illuminating and we shall endeavor during the next year to make some readjustments and improve discrepancies.

Social Life

Owing to the fact that outside of school there is very little social life provided for the boys and girls of the Town, it seems to me that the school ought to be the center of social life for its inmates. For that reason it would be well if the school could provide social times of one sort or another oftener than it does at the present time. Not only would it be good for the pupils to meet one another for the purpose solely of having a good time, but these events of which I speak might well be of profit to those who came by teaching them how to meet people and by making it necessary for them at various times to "engineer" these socials through. In that way they would learn to do some things which, by and by, they will be obliged to do. More than that, it is absolutely certain that when the boys and girls are in school they are having a good time under the best possible environment. For this reason I think it would be advisable to allow as many school events to take place as can be handled by the school faculty and attended by the children without detriment to their studies. I am sure that the result of this procedure would be a tre-

mendous help in the development of loyalty to the school among the pupils, and in bringing about that kind of school spirit which makes for the betterment, not only of the school and those connected with it, but makes for the betterment of the community.

The pupils of the school ought to feel that the school means something else besides the eternal grind of studies, although they ought to feel that it means that primarily. If we teachers had the opportunity to meet the pupils socially more often than we do, we should understand them better and be able to do our work with them more effectively.

I am of the belief that all school events should have connected with them something of an educational nature and with the fun of school events there should be a program, arranged and given by some members of the student body. The following out of this idea would make the social life of the school of very distinct value to those who might be called upon to take part in the programs, and to those who were edified by hearing them. At the same time this plan would in no way detract from the pure enjoyment which the pupils and teachers would find in mingling together.

Teachers

I wish to call the attention of the people through you, Mr. Superintendent, to the unfortunate situation in which we find ourselves, since we pay salaries so much smaller than those paid by the surrounding towns. We have in the High School now only five of the teachers who were here last year. More than half of the faculty has changed. In some cases, the change has been a double one within the period of six months. It is, of course, very obvious that so many changes are not good for the pupils nor the school. We cannot expect to accomplish all that we ought, unless we keep teachers long enough for the students and the teachers to get acquainted with each other. We are sure that we have always had a very good corps of teachers but in many instances they stayed with us only until they were becoming really useful and then went to other fields. If it were possible to raise the maximum salary somewhat, it would help us immensely in holding a faculty together.

Athletics

It seemed to us that the most crying need of athletics for the Saugus High School was some kind of organization, by means of which the finances of our athletics could be handled properly. With this idea in view, it was deemed advisable by the School Board to take the control of athletics out of the hands of the Athletic Association, and to discontinue that organization. In its place the school board established a so-called Athletic Council, which consists of five members; the Chairman of the School Board, the Superintendent of Schools, the Principal of the High School, and two members of the student body. The Council so constituted has been able to handle the financial situation in such a way that at the present time only one bill is owed by the Council, and there is at present in the treasury nearly enough money to pay that bill, although the council inherited a debt of nearly one hundred dollars. We hope in the near future to be able to pay off the one debt remaining and put our athletics on a firm basis financially, or at least on a firmer basis than they have been known to be recently.

BY-LAWS OF THE SAUGUS HIGH SCHOOL ATHLETIC COUNCIL

Membership

The membership of the Saugus High School Athletic Council shall consist of five members, namely: Chairman of the School Board, Superintendent of Schools, Principal of the High School and two members chosen by the High School student body from their number in June of each year.

Meetings

The Annual meeting of the Council for organization shall be held on the first Friday after the opening of school in September. Other meetings of the Council shall be at the call of the Secretary or as voted by the Council.

Order of Business

1. Reading of records of previous meeting or meetings.
2. Report of Secretary.
3. Report of committees.
4. New business.
5. Adjournment.

Officers

The Officers of the Council shall be, Chairman, Secretary, Treasurer and Purchasing Agent.

DUTIES OF OFFICERS

Chairman

The Chairman shall preside at all meetings.

Secretary

The Secretary shall make and keep a record of all proceedings of the Council both financial and secretarial.

Treasurer

The Treasurer shall collect and receive all funds for the Saugus High School Athletic Council and shall disburse the same as hereinafter provided and shall keep an accurate account of all moneys received and disbursed.

He shall upon a written order from the Secretary of the Council pay to the team managers from time to time such sums as may be needed for guaranties or traveling expenses of the teams.

He shall pay all other bills as voted by the Council from time to time, or upon the written approval of not less than three members of the council, one of whom must be the Chairman of the School Board or the Superintendent of Schools.

He shall be prepared to give a correct report of the financial condition of the Council at all its meetings.

Purchasing Agent

The Purchasing Agent, who must be a member of the Council, shall purchase all supplies and necessities of the High School Athletics as directed by the Council. He shall present to the Council from time to time a statement of the needs of the Council as they occur to him. No order for the purchase of Athletic goods shall be given by any other person than the purchasing agent and by him only when so directed by the Council either by a vote of the Council assembled in meeting or by an order signed by not less than three members of the Council, one of whom must be the Chairman of the School Committee or the Superintendent of Schools.

Athletic Activities

The athletic activities shall be under the immediate control of the Athletic Council. The Athletic Council shall from time to time, as it sees fit, appoint such managers of teams as it shall deem necessary.

Duties of Team Managers

It shall be the duty of the team manager to arrange a schedule of games for his team for the ensuing season.

No final arrangements for any games shall be made by the manager without the advice and consent of the Athletic Coach or the Principal of the High School.

No schedule of games shall be considered final until the same is approved by the Athletic Council.

It shall be the duty of the team manager to present in advance a written statement to the Secretary of the Council of the financial needs of each game.

It shall be the duty of the team manager to see that all property belonging to his team is properly cared for.

Coach

The coaching, training and disciplining of all athletic teams must be done by the coach appointed by the Council. Said coach may from time to time get such assistance as he desires in carrying on his duties as coach. However, no expense for such assistance must be incurred by the coach unless previously so voted by the Council.

Team Captains

The captains of the different High School athletic teams shall be chosen by the members of each team. The captain shall assist the coach in the training of the team and shall perform whatever other duties that the coach may assign.

Eligibility of Students to Athletic Teams

No person who is not a student of the Saugus High School in good and regular standing shall be eligible to play on any athletic team representing the Saugus High School. The final decision of a pupil's standing for this purpose must at all times be determined by the Principal of the High School.

These By-Laws may be amended at any meeting by a majority vote.

Adopted December 20, 1916.

We think the support which the school has given athletics this year is something to be commended and we feel very much encouraged thereby.

There is a greatly felt need for some permanent provision for our athletics in the shape of an athletic field. We should have an athletic field with proper seating arrangements. This field should be surrounded by a fence. We do not as yet see our way to obtain such a field, but we hope soon to be able to present some plan by which this may be accomplished. We need also, in connection with our athletic activities, a gymnasium. No school can in any sense be considered modern which does not have a gymnasium, and in which there is no provision for the physical development of the pupils. We, unfortunately, have no gymnasium and can not therefore provide proper physical training for our students. This is extremely deplorable and should certainly be remedied.

Things Accomplished

The first thing that was done after I came was the cataloging of all the books in the High School, by introducing a card system and by arranging books in specific places. There is in the office now a record of all the books of the school. This record is continuously up-to-date and indicates where each set of books is to be found. The value of this system is twofold: first, it prevents the loss or destruction of books; second, it shows to the students that the school has a very exact account of the books loaned, and in consequence the student is more careful of the books loaned to him. The cataloging of these books was an extremely long and tedious task, which occupied a large part of my summer, but I feel sure that the labor was well spent.

At the beginning of this year we offered to the pupils courses in public speaking in order that they may have an opportunity of securing instruction in this most important branch of school work. We teachers feel especially encouraged that so many of the students have taken this

subject since there is no provision for giving diploma credits for the work done. It is so often the case, in these days of ours, that students are interested only in getting their "points" and do not think of the value to them of what they are learning. It is our plan to have in the spring a public speaking contest, and we hope to be able to show that the time spent in this work has been well worth while.

One of the most pleasant as well as profitable activities of the school is the debating club, which is having an extremely prosperous year. We have had an average of twenty-five at our meetings, which occur every other Tuesday afternoon. The students have manifested a decided interest and have shown considerable ability in debating and also in entertaining the debating society in various ways.

Graduation

The graduating class in June, 1916, had twenty-eight members, nine boys and nineteen girls. Thirteen of the twenty-eight members are pursuing their education in some higher school. This year there will probably be about forty to graduate, a fact which is encouraging to those who are interested in seeing boys and girls get a good education. We hope that the graduating classes will continue to increase in numbers.

Attendance

The average per cent. of attendance last year was ninety-two and a fraction, a per cent. very much lower than it ought to be. I am sure it would be possible to have a great improvement in this particular if the boys and girls of the school and their parents should see the importance of regular and punctual attendance. In whatever position a pupil finds himself after he leaves school, he will, no doubt, be required to be regularly in his place and he will also be required to be there on time. Such things as regularity and punctuality are habits. The time of habit formation is during the school days of the child. Proper habits and bad ones as well are more easily formed at this time than at any other. The good habits formed at school will always be of use to the pupil, and bad habits will always be a hinderance to him. We put in a plea therefore through you, Mr. Superintendent, that the parents tirelessly work with us to see that the two things above mentioned are truly inculcated into the pupils of our school. I know from experience that it is possible to have the attendance in a much larger school always above 96%. I think it is possible to have it as good in Saugus High School. This, however, like many other things, the school cannot accomplish without the very active assistance of the parents of our pupils.

Present Needs

In considering the things which are needed in order to give us the proper facilities for handling our work, I shall mention only those things which are essential. First of all, we are sadly in need of space and proper apparatus for the teaching of Drawing. Miss Cooper, our Drawing teacher, is doing splendid work under conditions which make good

work all but impossible. She has no place whatever to put the very little equipment which she has. She is obliged to hold her classes in the laboratory which is used for both Physics and Chemistry, a place entirely unfit for the conduct of her work. With the beginning of the Junior High School, it is probable that the Drawing teacher will spend three days in this building, and there ought immediately to be some provision made so that she may handle her work properly. The most feasible plan for doing this, is to partition off from the present assembly hall the back alcove, and to furnish that alcove with Drawing tables made for the purpose. There ought also to be some tables or cabinets so that Drawing boards with drawings on them could be put away. It seems to me that it is not quite fair to ask any teacher to work under such unfavorable conditions as now exist, and I urge that something be done to remedy this state of affairs.

At the present time there is no study hall in the Saugus High School. All of the pupils do their studying where recitations are going on. This is most unsatisfactory. The result is, in many cases, that little studying is done, and in other cases, that the results of study are not good. In other words, the pupils are not able to accomplish much during the time allotted to them for study, because of the distractions caused by the recitations going on. With the completion of the addition to the High School we shall have a new assembly hall. This circumstance gives an excellent opportunity to remodel the present assembly hall into a study hall. By doing this, the building would accommodate one hundred more pupils than it now accommodates, and we would besides have the much needed study hall. Remodeling would mean, necessarily, having a skylight built to give the proper amount of light at the cost probably, of six or seven hundred dollars. There would be, I believe, furniture enough to equip adequately a new study hall. A quiet place to study is something that the Town owes to the children, and this is an opportunity to provide for it.

Nothing is more necessary to a school than an adequate library and adequate facilities for using it. At the present time we have neither. If the present assembly hall were to be remodeled as I suggested, the stage and the two ante

rooms could very well be used for library rooms. If this were done the library would be accessible at all times to the students who wish to use it, as the students who wish to use it would naturally be in the study hall. Not only that, but if we had the proper facilities for arranging and handling the library books, we could reduce the whole to a definite system. By this means we could teach the pupils of the school the proper use of the library, help them to gain systematic habits in the handling of books, to say nothing of making accessible to them the reference works which are so much needed in school work. A fit place for handling the books we have would, no doubt, stimulate us in the task of acquiring more. We have, at the present time, not more than two hundred or two hundred and fifty volumes. That library we ought to be constantly increasing. If we had \$50 each year to spend for reference works, we would in a few years have a splendid library. I would like to suggest that such an amount be put at the disposal of the High School for the purpose of buying reference books, the list of books purchased, of course, to be submitted to the Superintendent of Schools. It can be readily seen, that without an adequate school library, some of our school work is bound to suffer.

I have just made mention of the fact that we are obliged to use one room for Drawing, Physics and Chemistry, a situation altogether unsatisfactory. This situation is due to the fact that the Domestic Science department occupies one of our laboratories. The Domestic Science department should be taken out of this laboratory and put somewhere in the basement. It really should be put in the basement of the old building because the basement of the new building is too far under ground. The only way to accomplish properly the transferring of the Domestic Science department to the basement is to remove the fire pots under the present building and tie up the old building with the heating plant of the addition. It will be almost impossible to provide the lunch necessary for the increased number of pupils we shall have next year unless the Domestic Science department is close to the lunch room. The lunch room will presumably be in the basement of the addition. It will not be possible to serve a hot lunch to the students unless we have some equipment for that purpose. We

need at least two more gas stoves and should have in addition half a dozen gas flats. We ought to have also a steam table so that we can keep the food prepared warm until it is to be used. There will be needed such partitions and counters as will make possible the serving of lunch in such a way that all the pupils will be accommodated. At the present time approximately half the students get their lunch at school. The Domestic Science department furnishes at various times the following foods at the prices indicated.

Prices of Food Sold at Lunch Counter

SOUPS:		GELATINE:	
Tomato with crackers	\$.05	Coffee with cream05
Corn with crackers05	Lemon with cream05

Gingerbread with cream	.05		

It is our plan next year to have this menu somewhat more elaborate, if facilities are provided so that we can carry out our plans. Much credit is due to the Domestic Science department for the successful way in which it has served our needs in the matter of lunch.

For the Commercial Department we need a cabinet for the Commercial Geography collection, pigeon holes for the purpose of handling the work of the pupils, and a bank built in a corner of one of the commercial rooms. We need also an adding machine.

It will be necessary to have next year in the office an additional letter file. There ought also to be a good book-case and some pigeon holes in order that the routine of the office may be handled with more facility. There ought also to be an extra room connected with the office where those who wish to see the Principal may wait. This could easily be done by taking out the partition in the end of supply closet A and removing the shelves of that closet.

Conclusion

In the foregoing report, Mr. Superintendent, you notice that I mention very many things which the school needs and many things which form a problem different from the problems of many other schools. In what I have said, I do not wish to be misunderstood. I feel that the school is making decided progress and I mention those things to indicate to you and the School Board and the townspeople the things which would help us to make still more progress. In closing I wish to thank you for the hearty support which you have given to my endeavors and for the constant help which your encouragement has been to me. I wish to thank through you the School Board for the way which they have supported me in my work.

Respectfully submitted,

C. L. SMITH.

Saugus High School

Requirements for Graduation

1. No pupil will be allowed to graduate from the Saugus High School whose average rank for the four years is less than seventy per cent.

2. No pupil will be allowed to graduate from the Saugus High School who has acquired less than sixteen diploma credits.*

3. No pupil will be allowed to graduate from the Saugus High School who has less than three diploma credits for any one year.

4. No pupil will be allowed to graduate from the Commercial Department who has spent less than one half of the senior year in attendance at the High School.

5. No pupil will be allowed to graduate from the Commercial Course who does not pass the entire work of the senior year in English. If absent for part of the year doing commercial work, the school work must be made up in a manner satisfactory to the Principal either by recitation or examination or both.

6. No pupil in the Commercial Department will be permitted to be absent from school for the purpose of doing commercial work whose class standing is less than B.

7. A pupil absent from school for the purpose of doing commercial work will be given a passing mark in book-keeping, if said pupil is doing work in book-keeping that is satisfactory to his employer. A pupil will be given a passing mark in stenography if doing stenographic work in a satisfactory manner for the employer, in type-writing, if doing satisfactory work in type-writing for the employer. In all other subjects which a pupil is taking at school, he when absent must make up the work as in English, that is, by oral recitation or examination, or both, in a manner satisfactory to the Principal.

Approved by the School Committee, April 17, 1916.

* A diploma credit is a unit for satisfactory work in any subject having not less than three prepared recitations per week throughout one year.

Saugus High School

Program of Studies

The first column of figures indicates the number of recitations per week, the second the number of units of diploma credit. Twenty-four units are required for graduation with not less than three in any one of the last four years.

SEVENTH YEAR

REQUIRED:			ELECTIVE: Take Two		
English.....	4	1	French	4	1
Arithmetic.....	4	1	Science.....	4	1
Geography $\frac{1}{2}$ yr.	4	$\frac{1}{2}$	Domestic Arts.....	4	$\frac{1}{2}$
History $\frac{1}{2}$ yr.....	4	$\frac{1}{2}$	Manual Arts	4	$\frac{1}{2}$
Reading, Spelling, Penmanship.....	4	1			
Music.....	2	$\frac{1}{4}$			
Drawing.....	2	$\frac{1}{4}$			

EIGHTH YEAR

REQUIRED			ELECTIVE Take Two		
English.....	4	1	French.....	4	1
Arithmetic.....	4	1	Latin.....	4	1
Geography $\frac{1}{2}$ yr.	4	$\frac{1}{2}$	Science.....	4	1
History $\frac{1}{2}$ yr.....	4	$\frac{1}{2}$	Domestic Arts.....	4	$\frac{1}{2}$
Reading, Spelling, } Penmanship	4	1	Manual Arts	4	$\frac{1}{2}$
Music.....	2	$\frac{1}{4}$			
Drawing.....	3	$\frac{1}{4}$			

NOTE: The latter part of the period in grades seven and eight should be devoted to the study of the next day's lesson under the personal direction of the teacher.

NINTH YEAR

REQUIRED			ELECTIVE Take Three		
English, Spelling	5	1	French	5	1
Music	2	$\frac{1}{4}$	Latin	5	1
Drawing	2	$\frac{1}{4}$	Algebra	5	1
			Science	5	1
			Bookkeeping }	5	1
			Penmanship }	5	1
			Phys. Geog. $\frac{1}{2}$ yr. . . .	5	$\frac{1}{2}$
			Com. Geog. $\frac{1}{2}$ yr. . . .	5	$\frac{1}{2}$
			Ancient History	5	1
			Domestic Arts	8	1
			Manual Arts	8	1

TENTH YEAR

REQUIRED			ELECTIVE Take Three		
English, Spelling	5	1	French	5	1
Music	1	$\frac{1}{4}$	Latin	5	1

Presentation of Diplomas	Joseph G. Bryer
	(Chairman of School Committee)
Selection	Orchestra

CLASS ODE

(Tune of "America the Beautiful")

Our happy High School days are o'er;
 Tonight we bid farewell;
 For Class Sixteen shall go before,
 In other things excel.
 A noble battle we have won
 Our High School shall teach
 Us to endure, and e'er press on
 Until the goal we reach.
 We bid farewell to Saugus High,
 Farewell to High School days.

* Excused.

From school life to life's school we go,
 A harder journey, too,
 But we'll remember what we learned
 Dear Saugus High, from you.
 Through failures we attain success,
 If we but struggle on
 To gain a place in life's great march
 And call it all our own.
 We bid farewell to Saugus High,
 Farewell to High School days.

Into a larger school we go —
 Life's school, with lessons hard,
 So let us work with might and main,
 To gain a just reward.
 We shall not fear the passes steep,
 Nor rocky roads so long;
 We'll think of what our school days taught
 To keep us from all wrong.
 We bid farewell to Saugus High,
 Farewell to High School days.
